**David Milward, Charles Ferguson**

## **The Canadian Legal System:**

**Canadian Law and the Canadian Legal System** Jessie J. Horner, 2007 This text is designed for college and university level courses in Canadian Law. This exciting first edition provides readers with a useful foundation that not only explains the basic components of the Canadian legal system but also explores its functions and goals. It is broad and deep enough for students to grasp a thorough understanding of the system and to develop their own perspectives on the legal system and its relationship to society and social change. Including examples of the sometimes brilliant and sometimes inane results that law produces, this text will intrigue students and prepare them for further work in a legal framework in any field and advance their understanding of the rights and duties entailed in being a member of Canadian society.

## **The Art of Science in the Canadian Justice System** David Milward, Charles Ferguson, 2017-04-07

Part autobiography, part thought piece, part references. The book takes an insightful look at the experience and cases of renowned paediatrician and forensic expert witness Dr Charles Ferguson. The book presents the interaction of science and law as it applies specifically to the Canadian courts but the justice process as a whole. Dr Ferguson's experience from a scientist and medical professional's perspective in dealing with lawyers, judges and the process of testifying in numerous court offers a unique glimpse into how the two worlds of science and law don't always mesh. In some cases the evidence is compelling and definitive. In others, far from it. Ultimately, the book presents the important role of the forensic expert and expert witness as a vital and deciding factor as the courtroom proceedings play out. The cases presented in the book are personally involved with and interesting. The conclusions and results arrived at by Dr Ferguson are well thought out and backed by his scientific expertise. The results and conclusions arrived at by the courts is often expected, sometimes surprising in specific cases, even controversial. Throughout all, Dr Ferguson casts an independent and sometimes critical eye on the process, presenting a compelling argument and heartfelt recommendation for science, objectivity and justice to be served based on truth. Insofar as the facts of the cases presented through evidence and the testimony provided within the judicial process, a fascinating read for university students, experts and witnesses, lawyers and judges, and anyone involved in the forensic process in the trying of criminal and civil cases.
