rang for class And she also found it was a skill that kept the school bullies at bay But it was a long way from telling playground stories to becoming a successful writer Write from the Heart recounts Margaret s personal struggles through an unhappy childhood the premature death of her younger brother and her difficult relationship with her mother Often her mother would leave her father with no warning and move out of the family home taking her son with her but leaving Margaret at home alone But these difficult childhood experiences coupled with an unhappy marriage of her own gave Margaret Thomson Davis the building blocks for her career as a writer and after the success of *The Breadmakers* in 1972 she has never looked back Write from the Heart is a personal story where the truth is often stranger than fiction and where Margaret Thomson Davis s love of Glasgow and its people shines through A moving and hugely entertaining autobiography
