Teaching And Its Predicaments Isbn 0813328640:

Educational Reform Jordan T. Ville, 2001 This book brings together the literature in a field which may define the 21st century Can economic and technological progress continue with educational systems which seem to answer to no one but themselves and which output graduates who can barely read and write and who have only the faintest clue how to use a map This bibliography provides access via Title Author and Subject Indexes Contents Educational Accountability Educational Change Educational Equalisation Educational Leadership Educational Planning Educational Indicators Teaching And Its Predicaments Nicholas Burbules, 2019-05-20 Teaching is a complex and challenging endeavour Teachers are continually faced with difficult choices in which competing values are set in tension with one another The interests of all students and of other groups and constituencies can rarely be served at the same time Different educational goals each desirable in and of itself often place **Teaching and Its Predicaments** David K. Cohen, 2011-08-31 Since Socrates teaching has been a difficult and even dangerous profession Why is teaching such hard work In this provocative witty sometimes rueful book Cohen writes about the predicaments that teachers face and explores what responsible teaching can be He focuses on the kind of mind reading teaching demands and the resources it requires Teaching And Its Predicaments Nicholas Burbules, David T. Hansen, 1997-10-02 Teaching is a complex and challenging endeavor Teachers are continually faced with difficult choices in which competing values are set in tension with one another The interests of all students and of other groups and constituencies can rarely be served at the same time Different educational goals each desirable in and of itself often place incompatible demands on teachers especially in light of the limited resources and time available to most of them Of course teaching does have its satisfactions and fulfillments but increasingly those rewards must be sought in the context of challenges that reflect the competing expectations society places upon educators These essays tackle important aspects of the complex often conflicted contexts of teaching Each chapter focuses on a different aspect of teaching offering candid analysis of the difficulties and trade offs inherent in teaching practice while suggesting ways to productively address a given conflict Together the chapters speak honestly to the realities and challenges of teaching without downplaying the ideals that draw teachers into education in the first place
