Teaching As Principled Practice

Robyn R. Jackson

Teaching As Principled Practice:

Teaching as Principled Practice Linda R. Kroll, 2005 Donahue education Mills College presents a practical vision for teacher development that emphasizes social justice This vision is encompassed in a set of six principles underlying the authors work with preservice teachers Primary focus is on children and youth who have been traditionally underserved by schools The book can be used in courses

Principles and Practice of Teaching James Johonnot, 1878

Never Work Harder Than Your Students and Other Principles of Great Teaching Robyn R. Jackson, 2010-08-13 Is great teaching a gift that only a few of us are born with or is it a skill that can be learned In *Never Work Harder Than Your Students* Robyn Jackson makes a radical assertion Any teacher can become a master teacher by developing a master teacher mindset The master teacher mindset can be achieved by rigorously applying seven principles to your teaching until they become your automatic response to students in the classroom The more you practice these seven principles the more you begin to think like a master teacher

- 1 Start where your students are
- 2 Know where your students are going
- 3 Expect to get your students to their goal
- 4 Support your students along the way
- 5 Use feedback to help you and your students get better
- 6 Focus on quality rather than quantity
- 7 Never work harder than your students

Using these principles Jackson shows you how to become a master teacher no matter where you are in your practice Each chapter provides a detailed explanation of one of the mastery principles the steps you need to take to apply them to your own practice and suggestions for how you can begin practicing the principle in your classroom right away Jackson offers stories from her own teaching practice as well as from other teachers she has helped to show you how each principle works Teaching is a hard job but using Jackson's principles will help you and your students reap the rich rewards of that hard work
