malevolence Enemies once forgotten return to hold sway over each ensuing conflict Under the conniving guidance of the serpent Sazar legions of dark creatures rise out of Dark Spruce Forest Allying himself with a sorceress of power in the Lacobian desert Sazar finds the strength to rule and turns his lustful eyes eastward Targeting the outposts and farmlands surrounding Connel the serpent forms a dark army to bring terror to the humans Even as Ryson and his elf friends struggle against such foes they look to the powerful wizard Enin for aid but the spell caster remains withdrawn from nearly every clash It is within him to decimate the entire horde but the consequences of such intended actions trouble his very soul An understanding of balance has taught the wizard more than caution it has led him to the presence of a being of equal power but a creature with intentions of malice Enin's unwillingness to interfere in the choices of individuals is born of the belief that he must allow all those around him to seek their own path While these paths may differ each will lead those that travel them to their ultimate fate
