Teachings Of Modern Christianity:

Modern Catholic Social Teaching Joe Holland, 2003 The impact of the industrial revolution on the social structures of industrialized nations posed a difficult challenge to the Catholic Church and its Popes In the struggle for human and economic status should the Church side with the new working class or with capitalist barons who along with the old aristocracy identified themselves as upholders of Christian civilization In this history of papal social teaching Joe Holland tells how the popes at first backed the status quo Then with the accession of Pope Leo XIII in 1878 a seismic shift took place Leo's encyclical *Rerum novarum* was the first authoritative Church voice to declare that laboring people have rights the right to fair wages to decent living conditions the right to organize labor unions and even to strike Henceforth the notion of civilization at least for the Church would be grounded in the lives and aspirations of working people Modern Catholic Social Teaching traces this historic shift as it played out in the writings of Leo and the popes who followed him Pius X Benedict XV Pius XI and Pius XII These popes supported Leo's encyclical and even elaborated it as European history experienced the emergence

Modern Catholic Social Teaching Kenneth R. Himes, Lisa Sowle Cahill, 2005 Modern Catholic Social Teaching draws together the work of some 20 scholars to present a comprehensive reference that interrogates key documents offers understanding of the biblical philosophical foundations of Catholic social teaching addresses doctrinal issues reviews how Catholic social thinking is received in the US

The Creeds of Modern Christianity Versus the Teachings of the Holy Bible James Earl Kemper, 2021-08-09 When it comes to religion this book is a comparison between what most Christian creeds state and what the Bible King James Version teaches about God Jesus Christ and many of the topics that most people have questions about The author asks many thought provoking questions the very questions that he sought answers to but found so much conflict in Christianity Do you have unanswered questions Are the answers important to you Have you personally read the Bible to see what it actually says Do you believe the Bible Or do you accept only what men ministers say Each topic is taken independently and there are questions asked answers suggested and conclusions drawn The reader is challenged to read this and find their own answers through prayer and personal study Are you up to a challenge

The Christian Doctrine Paradox Philip Joel Walls, 2020-10 The atheist the agnostic and the devout religious alike each and every one of us must at some point come to address these universal questions Why are we here How did we get here What is the meaning of life Why are there so many divisions in our Christian churches Why are so many people deceived by a multitude of worldly religions How do we witness a true Christian faith to the religions and philosophies of the world So many questions at so great a cost for the wrong answers This book *The Christian Doctrine Paradox* is the perfect illustration of where things went wrong how we can make it right again and what can ultimately be defined as Predestination the reason for life on this planet and much much more
