Technic Time:

Technics and Civilization Lewis Mumford, 2010-10-30 Technics and Civilization first presented its compelling history of the machine and critical study of its effects on civilization in 1934 before television the personal computer and the Internet even appeared on our periphery Drawing upon art science philosophy and the history of culture Lewis Mumford explained the origin of the machine age and traced its social results asserting that the development of modern technology had its roots in the Middle Ages rather than the Industrial Revolution Mumford sagely argued that it was the moral economic and political choices we made not the machines that we used that determined our then industrially driven economy Equal parts powerful history and polemic criticism Technics and Civilization was the first comprehensive attempt in English to portray the development of the machine age over the last thousand years and to predict the pull the technological still holds over us today The questions posed in the first paragraph of Technics and Civilization still deserve our attention nearly three quarters of a century after they were written *Journal of Technology and Culture* *Proceedings of the National School of Dental Technics* American Institute of Dental Teachers, 1897 **Population Sciences**, 1974 The index is based on citations selected from the corresponding monthly issue of *Index medicus* **Clavier**, 1989 Current List of Medical Literature, 1954 Includes section Recent book acquisitions varies Recent United States publications formerly published separately by the U S Army Medical Library **Building**, 1895 **Swiss Technics**, 1969 **Catalog of Copyright Entries** Library of Congress. Copyright Office, 1959 *Journal of the American Medical Association*, 1906 Includes proceedings of the association papers read at the annual sessions and lists of current medical literature **Musical Times and Singing Class Circular**, 1898 Catalog University of Oregon.
