About the Authors Our writing team, composed of top-notch technical writers, translation experts, and technical documentation managers from around the world, has pooled their experience and insights to help you succeed in your technical writing career. Praise for the First Edition: Every aspiring author/tech writer in college should have this book. Steve Ballard, Manager, Enterprise Content Solutions. This is exactly the sort of guide I wish I had when I first started tech writing. Sharon Witheriff, Technical Writer. The Technical Writing Process is a practical toolkit that demystifies the art of technical writing with useful templates to help you succeed quickly and smartly. Richard Kidd, General Manager. Aspiring writers throughout the enterprise will find this to be a solid resource as they try to figure out how they should go about documenting something. It's logically laid out, not too heavy on jargon, and uses good diagrams and illustrations. Duane Green, Sr. Director of Content Strategy, Solutions. I think this pragmatic approach is excellent and fills a desperate need in the tech writing world. Many a point raised will have the older hands nodding sagely and the younger people remembering the advice when they first run into those issues. Dr. Charlotte Nash, Stewart, Engineer, Author, and Technical Writer. This is a well-written, comprehensive, and practical guide for technical writers. It is packed full of great information and is very easy to read. I particularly like the Insights, What does that mean, and Tips callouts which appear throughout the book. Sue Geercke, Director, Technical Communications.
