Authoring Autism M. Remi Yergeau, 2018-01-05 In *Authoring Autism* M Remi Yergeau defines neurodivergence as an identity neuroqueerness rather than an impairment Using a queer theory framework Yergeau notes the stereotypes that deny autistic people their humanity and the chance to define themselves while also challenging cognitive studies scholarship and its reification of the neurological passivity of autistics They also critique early intensive behavioral interventions which have much in common with gay conversion therapy and questions the ableist privileging of intentionality and diplomacy in rhetorical traditions Using storying as their method they present an alternative view of autistic rhetoricity by foregrounding the cunning rhetorical abilities of autistics and by framing autism as a narrative condition wherein autistics are the best equipped people to define their experience Contending that autism represents a queer way of being that simultaneously embraces and rejects the rhetorical Yergeau shows how autistic people queer the lines of rhetoric humanity and agency In so doing they demonstrate how an autistic rhetoric requires the reconceptualization of rhetoric's very essence *Autisme*

Caren Zucker, John Donvan, 2016-09-16 Alles wat je over autisme wilt weten staat in dit monumentale boek Aan de hand van persoonlijke ervaringen van kinderen en volwassenen met autisme van deskundigen maar ook van ouders die naar behandelwijzen voor hun kinderen zoeken vertellen John Donvan en Caren Zucker het hele verhaal Ze gaan uitvoerig in op de controverses de experimentele behandelwijzen en de vraag of er werkelijk sprake is van een autisme epidemie Door toegenomen kennis komen ook de voordelen van autisme aan het licht De bekroonde journalisten Donvan en Zucker schreven een standaardwerk over autisme en onze inspanningen om de aandoening te begrijpen De eerste persoon die de diagnose autisme kreeg was Donald Triplett die ruim tachtig jaar geleden in de VS geboren werd Zijn levensverhaal vormt het uitgangspunt voor *Autisme* de volledige en bijzondere biografie van deze zo vaak verkeerd begrepen aandoening

Handbook of Early Intervention for Autism Spectrum Disorders Jonathan Tarbox, Dennis R. Dixon, Peter Sturmey, Johnny L. Matson, 2014-04-04 Current rates of autism diagnoses have been cause for concern and research as well as rumor and misinformation Important questions surround the condition how early can an accurate diagnosis be made At what age should intervention start How can parents recognize warning signs And what causes autism in the first place There are no easy answers but the *Handbook of Early Intervention for Autism Spectrum Disorders* gives researchers practitioners and academics the science and guidance to better understand and intervene Background chapters survey the history of professional understanding of the disorders and the ongoing debate over autism as a single entity or a continuum Chapters on best methods in screening assessment and diagnosis reflect the transition between the DSM V and older diagnostic criteria And at the heart of the book the intervention section ranges from evidence based strategies for developing core skills

to ethical concerns cultural considerations and controversial treatments Included in the Handbook s broad based coverage Designing curriculum programs for children with autism spectrum disorders ASD Mainstream education for children with ASD Teaching independent living skills to children with ASD Social skills and play Behavioral and mental health disorders in children with ASD Training and supporting caregivers in evidence based practices Teaching cognitive skills to children with ASD The Handbook of Early Intervention for Autism Spectrum Disorders is a comprehensive reference for researchers professors and graduate students as well as clinicians and other scientist practitioners in clinical child and school psychology child and adolescent psychiatry social work rehabilitation special education and pediatric medicine

Effective Practices for Children with Autism James K. Luiselli,Dennis C. Russo,Walter P. Christian,Susan M. Wilczynski,2008-03-13 Children who have autism require comprehensive educational and treatment services There are a myriad of approaches currently recommended to practitioners and parents but little is known about their efficacy Which are the most effective in teaching skills overcoming behavior challenges and improving quality of life Methods must be based in research settings but be easily extended to real world settings where children with autism live go to school socialize and recreate Identifying and validating effective practices is a complex and multi faceted process but an essential one for responsible research and practice This book brings together multiple and contemporary perspectives on intervention effectiveness for autism education and behavior support With contributors from a variety of disciplines and orientations *Effective Practices for Children with Autism* presents a critical appraisal of current practice standards emphasizing empirically supported procedures and research to practice applications By bringing together a diverse group of authors the editors have ensured that the vast field of information on interventions for children with autism is thoroughly examined and that no topic has gone untouched Written for practitioners research scientists and clinicians the book is an essential framework for evaluating educational and treatment procedures selecting those that are most effective and evaluating outcomes

In a Different Key John Donvan,Caren Zucker,2016-01-19 The stunning history of autism as it has been discovered and felt by parents children and doctors Nearly seventy five years ago Donald Triplett of Forest Mississippi became the first child diagnosed with autism In a

Different Key tells the extraordinary story of the world his diagnosis created a riveting human drama that takes us across continents and through some of the great social movements of the twentieth century The history of autism is above all the story of families fighting for a place in the world for their children It is the story of women like Ruth Sullivan who rebelled against a medical establishment that blamed refrigerator mothers for causing autism of fathers who pushed scientists to dig harder for treatments of parents who forced schools to accept their children But many others played starring roles too doctors like Leo Kanner who pioneered our understanding of autism scientists who sparred over how to treat autism and those with autism like Temple Grandin and Ari Ne eman who explained their inner worlds and championed a philosophy of neurodiversity This is also a story of fierce controversy from the question of whether there is truly an autism epidemic and whether vaccines played a part in it to scandals involving facilitated communication one of many treatments that have proved to be blind alleys And there are dark turns too we learn about experimenters feeding LSD to children with autism or shocking them with electricity to change their behavior and the authors reveal for the first time that Hans Asperger discoverer of the syndrome named after him may have cooperated with the Nazis in sending disabled children to their deaths By turns intimate and panoramic In a Different Key takes us on a journey from an era when families were shamed and children were condemned to institutions to one in which parents and people with autism push not simply for inclusion but for a new understanding of autism as difference rather than disability *Teaching Developmentally Disabled Children*, 1981 **A**
