language field As a result throughout the school it should become impossible to erect barriers between oral dialogue writing both by hand and using the computer and reading All these aspects receive attention in the book This book is an essential read for teachers and researchers of primary secondary education teaching and learning school education and education in general *Guidelines For Helping Children With Reading Difficulties For - Teachers, Parents and Helpers* Centre For The Teaching Of Reading, **Teaching Students with Learning and Behavior Problems** Donald D. Hammill, Nettie R. Bartel, 2004 **Why Kids Can't Read** Phyllis Blaunstein, Reid Lyon, 2006 Nearly 40% of all fourth graders in this country cannot read at grade level and this number rises to 60% for children raised in low income households This gap in learning increases as students enter middle school and is the primary reason for school failure Ironically the problem comes at a time when research demonstrates that nearly all children can learn to read if taught using research based instruction Why Kids Can t Read Challenging the Status Quo in Education describes the principles of this research in language that noneducators can understand and educators can use It discusses how to recognize whether the research on reading is being used appropriately and if not how to make that happen Through the eyes of parents and educators who have succeeded in their own struggles to change the educational system the book provides the necessary tools and knowledge for transforming the way reading is taught in their children s classrooms Why Kids Can t Read takes readers step by step through the research on reading and describes how a determined person armed with the right tools can make a difference in the learning ability of every student in our nation s schools The chapters in part 1 are written by individuals who discuss their battles and what made them successful The chapters in part 2 are written by experts who describe how they have overcome the challenges involved in creating widespread change in school Book jacket
