## **The Bloody Country Point:**

The Bloody Theater Thieleman Janszoon Braght, 1837      **Our own country, descriptive, historical, pictorial** Our own country, 1882      Blood on the Streets Charles Alan Green, 2023-05-16 This novel is the story of the early months of those cataclysmic events as seen through the eyes of some of the major contributors to the War and also from a group of British athletes who just happened to find themselves thrust into the fighting and mayhem of those chaotic days of July when the first stand against the Totalitarian Right Wing under the guise of Fascism was undertaken by the brave and gallant people of Spain The War was to last from the summer of 1936 through to late spring of 1939 and over 500 000 people were to lose their lives in the fighting and repression that inevitably accompanies any Civil War especially when a clash of ideological views are involved The Spanish War was to be overshadowed almost as soon as it had finished in April of 1939 by world events which happened later that year It was though a major conflict in its own right which had a significant effect on later events The blood destruction and misery caused by the Civil War was to all intents and purposes THE PAIN OF SPAIN
