## **The Blue Raven:**

**The Path of the Blue Raven** Mark Townsend,2013-06-29 The Path of The Blue Raven is the story of a struggling man who all his life has wrestled with questions searched for meaning and discovered it in unexpected places Although representing the beginning of a new adventure in one man s life this book is not just his story for it also offers a beautiful and breath taking collection of real life stories of others who walked a similar path and have found great healing and blessing through nature based spirituality To many cultures the raven was and is a symbol of initiation into a new path In sharing his own journey the author introduces readers to a world of like minded people who have stepped off the mainstream path onto the path of personal magic As the ex Catholic monk Thomas Moore says The soul has an absolute unforgiving need for regular excursions into enchantment It requires them like the body needs food and the mind needs thought This book offers pilgrims of any path a way back to the rich and deep inner magic of childhood dreams

**Gothic Sovereignty** Jon Horne Carter,2022-02-01 Gang related violence has forced thousands of Hondurans to flee their country leaving behind everything as refugees and undocumented migrants abroad To uncover how this happened Jon Carter looks back to the mid 2000s when neighborhood gangs were scrambling to survive state violence and mass incarceration locating there a critique of neoliberal globalization and state corruption that foreshadows Honduras s current crises Carter begins with the story of a thirteen year old gang member accused in the murder of an undercover DEA agent asking how the nation s seductive criminal underworld has transformed the lives of young people He then widens the lens to describe a history of imperialism and corruption that shaped this underworld from Cold War counterinsurgency to the War on Drugs to the near impunity of white collar crime as he follows local gangs who embrace new trades in the illicit economy Carter describes the gangs transformation from neighborhood groups to sprawling criminal societies even in the National Penitentiary where they have become political as much as criminal communities Gothic Sovereignty reveals not only how the revolutionary potential of gangs was lost when they merged with powerful cartels but also how close analysis of criminal communities enables profound reflection on the economic legal and existential discontents of globalization in late liberal nation states
