The Blues Encyclopedia Edward Komara, Peter Lee, 2004-07-01 The Blues Encyclopedia is the first full length authoritative Encyclopedia on the Blues as a musical form While other books have collected biographies of blues performers none have taken a scholarly approach A to Z in format this Encyclopedia covers not only the performers but also musical styles regions record labels and cultural aspects of the blues including race and gender issues Special attention is paid to discographies and bibliographies **Holroyd's collection of Yorkshire ballads, ed. by C.F. Forshaw** Abraham Holroyd, 1892 *The Blues* Chris Thomas King, 2021-06-08 A fresh new perspective that will be a true revolution to readers and will open new lines of discussion on the importance of the city of New Orleans for generations to come Dr Michael White jazz clarinetist composer and Keller Endowed Chair at Xavier University of LA An untold authentic counter narrative blues history and the first written by an African American blues artist All prior histories on the blues have alleged it originated on plantations in the Mississippi Delta Not true says author Chris Thomas King In *The Blues* King present facts to disprove such myths This book is the first to argue the blues began as a cosmopolitan art form not a rural one As early as 1900 the sound of the blues was ubiquitous in New Orleans The Mississippi Delta meanwhile was an unpopulated sportsman s paradise the frontier was still in the process of being cleared and drained for cultivation Expecting these findings to be controversial in some circles King has buttressed his conclusions with primary sources and years of extensive research including a sojourn to West Africa and interviews with surviving folklorists and blues researchers from the 1960s folk rediscovery epoch New Orleans King states was the only place in the Deep South where the sacred and profane could party together without fear of persecution creating the blues **Encyclopedia of the Blues** Edward M. Komara, 2006 This comprehensive two volume set brings together all aspects of the blues from performers and musical styles to record labels and cultural issues including regional evolution and history Organized in an accessible A to Z format the Encyclopedia of the Blues is an essential reference resource for information on this unique American music genre For a full list of entries contributors and more visit the Encyclopedia of the Blues website [Ballads and Blues](#) W. S. Rendra, 1974 **Reds, Whites, and Blues** William G. Roy, 2013-12-26 Music and folk music in particular is often embraced as a form of political expression a vehicle for bridging or reinforcing social boundaries and a valuable tool for movements reconfiguring the social landscape *Reds Whites and Blues* examines the political force of folk music not through the meaning of its lyrics but through the concrete social activities that make up movements Drawing from rich archival material William Roy shows that the People s Songs movement of the 1930s and 40s and the Civil Rights Movement of the 1950s and 60s implemented folk music s social relationships specifically between those who sang and those who listened in different ways achieving different outcomes Roy explores how the People s Songsters envisioned uniting people in song but made little headway beyond leftist activists In contrast the Civil Rights Movement successfully integrated music into collective action and used music on the picket lines at sit ins on freedom rides

and in jails Roy considers how the movement's Freedom Songs never gained commercial success yet contributed to the wider achievements of the Civil Rights struggle Roy also traces the history of folk music revealing the complex debates surrounding who or what qualified as folk and how the music's status as racially inclusive was not always a given Examining folk music's galvanizing and unifying power *Reds Whites and Blues* casts new light on the relationship between cultural forms and social activity

Ballads, Blues, and the Big Beat Donald Myrus, 1966 Highlights of American folk singing from Leadbelly to Dylan Cover
