Superdutch New Architecture In The Netherlands:

Superdutch Bart Lootsma,2000 Propelled by the popular success of Rem Koolhaas Dutch architecture is basking in critical and commercial success across the globe This phone book sized collection features all of the key players in Dutch architecture presenting their work through detailed drawings and stunning photography Super Dutch is graphic proof why this small handful of practitioners is shaping the future direction of architecture

New Directions in Contemporary Architecture Luigi Prestinenza Puglisi,2008-05-05 Rem Koolhaas has defined architecture as a chaotic adventure Nothing could be more true than that of the last two decades Never has architecture been so unbridled and so extraordinary the architectural cast has never been so wide and their works so diverse What though if you are new to the subject How is it possible to make sense of this seemingly unruly architectural landscape There are so many different types of architecture so many designers with such varying and even contradictory approaches This book is a much needed navigation guide for anyone interested in modern architecture Organised chronologically it enables you to find your way through one of the most prolific periods of building design It looks at buildings in often contrasting styles that have been built almost simultaneously across the world with their roots in very different tendencies and schools of thought A loose but effective framework is provided which pulls all these multiple threads together while key buildings are described individually with a unique clarity and precision Aaron Betsky Director of Cincinnati Art Museum Comprehensive coherent and cogent Puglisi's book sorts out the messy history of the last quarter century of the world's best architecture Professor Iain Borden Head Bartlett School of Architecture UCL Illuminating and insightful a must have read for students Hans Ibelings Editor of A10 new European architecture Lucid and concise Charles Jencks Architecture Critic and Author A compelling comprehensive overview of the avant garde since 1988 as it oscillates in and out of the global star system Bill Menking Editor of The Architect's Newspaper This is the first clear and systematic study of the culture of architecture from the reds of deconstruction to the sustainable greens
