The Macedonian Conflict Ethnic Nationalism In A Transnational World:

The Macedonian Conflict Loring M. Danforth, 1997-04-06 Greeks and Macedonians today are engaged in a heated dispute over claims to a single identity Anthropologist and author Loring Danforth examines the Macedonian conflict in light of contemporary theoretical work on ethnic cultural identity and the role of the state in building a nation The conflict is set in the broader context of Balkan history and in the more narrow context of the recent disintegration of Yugoslavia [The Macedonian Slavs in the Greek Civil War, 1944-1949](#) James Horncastle, 2019-06-03 In this study of Macedonian Slavs in the Greek Civil War the author examines how their participation in the conflict and the attempts by other groups to manipulate them gave rise to modern issues that continue to affect politics in the region today The Macedonian Question has confounded academics politicians and the people of the Balkans since the nineteenth century While the countries have resolved the territorial component of the Macedonian Question the critical and confusing question surrounding the ethnic and linguistic identity of the people of the region continues to be the source of international debate Part of the reason for this confusion is because the history of the Macedonian Question is shrouded in nationalist polemics The role of the Macedonian Slavs involvement in the Greek Civil War is particularly contentious and embedded in nationalist polemics which has impacted academic inquiry This book argues that the preponderance of Macedonian Slavs within the communist forces during the Greek Civil War influenced the actions of all the major actors involved and is a significant factor in shaping the modern Macedonian national identity **Central Asia and the Caucasus** Touraj Atabaki, Sanjyot Mehendale, 2004-11-10 This book focuses on the dynamics among transnational forces within and beyond Central Asia and explores the roles played by diaspora communities in Central Asia and the Caucasus **Macedonia** Jane K. Cowan, 2000-12-20 Macedonia has been contested by its three neighbours Serbia Bulgaria and Greece during and since the demise of the Ottoman Empire But the Macedonian Question extends far beyond the contested borders of Macedonia to immigrant communities in Europe Australia and North America The contributors to this collection explore the contemporary repercussions of the Macedonian Question which has long been at the heart of Balkan politics The volume recognises Macedonia as a global issue and focuses on the politics of identity and difference in both homeland and diaspora The contributors argue that Macedonia as place and as concept is forged within a transnational network of diasporas local communities states and international institutions They examine the increasingly important role of transnational bodies including the European Union and human rights NGOs in regulating relationships between states and minority groups as well as in promoting multiculturalism and civic participation They consider the role of scholarship and the media in defining Macedonia and its inhabitants They also draw attention to the struggles of individuals in constructing negotiating and even transforming their identities in the face of competing nationalisms and memories In the process they re evaluate ethnicity as a conceptual tool for understanding difference in the region and raise questions about the implications of recognising and not recognising difference at the political level

Collective Memory, National Identity, and Ethnic Conflict Victor Roudometof, 2002-12-30 This is an analysis of inter ethnic relations in the Southern Balkans It examines the evolution of the Macedonian question and the production of rival national narratives by Greeks Bulgarians and Macedonians It deconstructs the national narratives to show their limitations and biases *Journal of the Hellenic Diaspora* ,1996 *Encyclopedia of the World's Minorities* Carl Skutsch, 2013-11-07 This study of minorities involves the difficult issues of rights justice equality dignity identity autonomy political liberties and cultural freedoms The A Z Encyclopedia presents the facts arguments and areas of contention in over 560 entries in a clear objective manner For a full list of entries contributors and more visit the Encyclopedia of the World s Minorities website
