**The Magic Within** Allison M. Boot, 2018-04-26 Isabel Benson has recently been crowned Queen of Cinder's Edge but before signing her first royal decree she finds herself questioning whether the kingdom is ready for the changes she is about to put in motion Travel through time as her grandparents help to answer that question by telling their story Natalie a petite silver haired woman with emerald eyes and wrinkles that reflect both the tragedies and triumphs of her life was once a typical young princess Her father's obsession with finding her the perfect suitor and her mother's insistence that she learn to perfect things like the art of curtsying left her wanting nothing more than to break of her parents expectations Blaine Benson is now a white haired man with soulful blue eyes who loves his granddaughter more than life itself Growing up he was like any other guy expect for his physical disability and the fact that his best friend was and still is a treasure troll Hoping to learn how to free his father a once beloved magician from the guilt surrounding the cause of his disability he spent most of his formative years with his nose stuck in a book Go on an adventure with the two as they describe how falling for one another was not by coincidence but the work of forces greater than they ever could have imagine Learn how their love and the love of those around them was put to the test when Glomgurgle a dragon who attacked the kingdom when Natalie was a child lured her to his lair and her father offered her hand in marriage to the suitor who could save her Hear about how with her own happiness and the wellbeing of her kingdom at stake Natalie had to learn trust in the only thing that she could her instincts Listen to how Blaine examined his true abilities as the fate of Natalie the trolls and Cinder's Edge was ultimately put in his hands In the end after hearing the history of her family and kingdom Isabel must decide whether or not she too can trust her instincts and sign a royal decree that will change the fate of Cinder's Edge and its people forever [The Boy and the Girl](#)

John A. Deering, 2025-09-30 It has been said that each of us has a journey This is the journey of the Boy and the Girl In Greenplant Village in the land of Sydo there lived a young couple named James and Jackie who called each other the Boy and the Girl A week after they first came together she was abducted from inside her home in the middle of the night by a poisonous monster named Agganis She kicked its head in and it angrily responded by magically trapping her inside a blue diamond restraining her movement It then flew itself with the blue diamond back to its black stone castle in the dark land of Mallad where she would live as its servant No human in planet Aroloft appeared mighty enough to take on the monster James the Boy took the task upon himself to undertake a magnificent travel all throughout the planet Aroloft to follow the trail of venomous black slime that the monster was leaving behind itself at all times He vowed to follow the trail all the way to its end even if it meant venturing into the dark land of Mallad to defeat Agganis shatter the diamond she was trapped inside and bring her back home By learning to awaken his seven chakras he was able to take control of magic energy and complete his journey With much faith in God he refused to let evil win over good **The Stinkozimus** Wenna Kelborne, 2012-09-26

they often put it down to just speed reading However this is only a small part of the overall process The key to truly effective speed reading is to first be able to determine what you really want to read or what you need and then quickly read through carefully selected material Take a moment to mentally review all the information that comes your way on a typical day at home at work in the newspapers at the local coffee shop How much of it do you ignore because it seems like too much to take on instead you leave it to pile up and pile up until you re so far behind that you need days or weeks to catch up If you had a simple process that allowed you to quickly and easily identify the information you needed and eliminate the ones you didn t you wouldn t have that body of knowledge and you d have more time to live your life instead of worrying about what you might miss out on because you feel overburdened The purpose of this book is to give you the tools you need to stay current With a one week work program and study exercises it allows you to work by solving the exercises by having fun in an easy and understandable way At first read the information provided for 7 days and then do the exercises as directed **A.L.A.**
