herbal bath to name but a few. The love of nature combined with respect for ancient cults has meant that the Wiccans have included in their magical rituals and healing practices aromatic plants, medicinal plants and plants considered sacred in ancient religions. There are many plants used by the Wicca in their ritual practices. Wiccans can use herbs not just for their medicinal properties but for their magical use because herbs hold the Earth's energy in them. This energy can be drawn upon when herbs are used in spells. The latest scientific research has shown that plants like humans and animals have a vital aura that increases in intensity at particular times. It also seems that their vibrations exert a positive influence on man in fact linked to subtle esoteric forces they seem to have a beneficial influence thanks to their magnetic emanations. Who has never experienced the healthy and invigorating effects of a beautiful walk through the fields in direct contact with nature. Moreover thanks to their natural active principles which no synthetic product can reproduce vegetables have always been used effectively in the treatment of diseases. But plants and herbs are also attributed magical virtues and therefore fall into the composition and preparation of talismans, filters and astral essences.
