and hard-won victory**

Edited by Mike Ashley with contributions by  
Joseph Conrad, George Macdonald Fraser, Mark Twain, Steven Crane,  
John Jakes, Richard Howard and many more

**Introduction by Bernard Cornwell**

# The Mammoth Of Sword Honor

**Henry Davenport Northrop**

## **The Mammoth Of Sword Honor:**

**The Mammoth Book of Sword & Honor** Michael Ashley,2000      *Anglo-Zulu War, 1879* Harold E. Raugh

Jr.,2011-06-01 The Anglo Zulu War was one of many colonial campaigns in which the British Army served as the instrument of British imperialism The conflict fought against a native adversary the British initially under estimated is remarkable for battles that included perhaps the most humiliating defeat in British military history the Battle of Isandlwana January 22 1879 and one of its most heroic feats of martial arms the defense of Rorke's Drift January 22 23 1879 While lasting only six months it is one of the most examined studied and debated conflicts in Victorian military history Anglo Zulu War 1879 A Selected Bibliography is a research guide and tool for identifying obscure publications and source materials in order to encourage continued original and thought provoking contributions to this popular field of historical study From the student or neophyte to the study of the Anglo Zulu War its battles and its opponents to the more experienced historian or scholar this selected bibliography is a must for anyone interested in the 1879 Anglo Zulu War

**Transfiguration** Paul Weber,2001-11-13

This novel destined to be a libertarian classic on the level of *Atlas Shrugged* challenges you to reconsider what you've always known Evolution is an unchallengeable scientific fact isn't it Not in this noveland not in this world either If evolution is a scientific fact wouldn't we have lots of fossils of intermediate life forms by now Take the classic idiocy we were all taught that dolphins and whales are mammals that returned to the sea Really If mammals returned to the sea wouldn't you expect to find at least one fossil of a creature half way between a whale and a land mammal But try to picture what such a poor creature would look like and you realize such a thing couldn't be viable A horse with fins A dolphin with legs Whos kidding whom Species don't change form gradually over time as we were all taught but suddenlydramatically This might happen some day even to our own species What if women the world over started having babies who were different in appearance in abilities and in the way they think Would such a new species be mankind's salvation or mankind's destroyer This is the world of the near future a world in which a great Transfiguration a complete change in life form has occurred But before I tell you any more about the setting of the novel consider where you learned about how the world works the public schools Did it ever strike you that when children loathe school when a five year old cries and screams at the prospect of leaving home and has to be literally dragged off to school like a lamb to the slaughter that he may be trying to tell you something It may be that children understand the true nature of school much more profoundly than adults For public schools you see are not so much centers of learning as centers of indoctrination The lessons learned in public schools are obedience to authority and subservience to the group Children when they are young resist this with all the rebellion they can muster We as adults accept it But suppose our new humanoid species called the Keth don't think the way most of us do Suppose they resisted all the attempts to indoctrinate them Oh they pretend to go along with submission to authority but at heart they're rebels They develop their abilities they broaden their minds and they wait Like the Keth the Founding Fathers were rebels at heart

Unfortunately their ingenious system for restraining tyrants constitutional law has been eroded over time. Today we are only a crisis away from having full tyranny restored. Great thinkers like the founding fathers are rebels in the deepest sense. They are the states worst nightmare. That nightmare is one in which people understand things as they are stand up and say no. The usual reaction to free people saying no is total subjugation as when the South tried to go its own way. But usually the state tries to prevent such actions by using a thousand ingenious mind tricks. Like Patriotism the unquestioning support for your rulers wishes Or Service to Country the willingness to march off to far corners of the globe to be blown to bits in service to democracy. The Keth being gifted in understanding dont fall for such games. Not even the most common trick believing you can be better off by accepting stolen loot from the government like a dog panting for a few more scraps from his master. The Keth pretend to go along waiting for their chance. Most people of course fall for these old games but if youve read this far youre probably one of the rare ones who dont. The story of Transfiguration is the story of breaking free. You will read how the Keth are rounded up and sent to specialized schools to make them more pliable and socialized. You will read how they struggle to improve their minds despite the efforts of their teachers to hold them back.

### **The Mammoth Book of Sword**

**& Honour** Michael Ashley, 2000 This anthology brings together 30 stories of military adventure of the 19th century an age of conflict when the entire world seemed to be at war. Amidst the suffering and hardship there are stories of remarkable bravery and triumph against all odds. *The Mammoth Book of Sword & Honor* Mike Ashley, 2000-07-17 Thirty short stories celebrating the exploits and adventures of men on the battlefield features classic works by Alexander Dumas Arthur Conan Doyle Ambrose Bierce and Stephen Crane as well as original tales by John Jakes John Aquino George Macdonald Fraser and other notable writers. Original *The Publishers Weekly*, 2005 *Book Review Index*, 2001 Every 3rd issue is a quarterly cumulation *Pic, the Weapon-maker* George Langford, 1920

*Information Bulletin*, 1950 *For Courageous Fighting and Confident Dying* Warren Bruce Armstrong, 1998 When soldiers in the Civil War called on their religious beliefs in order to cope with the horrors of battle many looked to the regimental chaplain for guidance and understanding. Clergy were always present to address the spiritual needs of the common soldier and administer to the wounded and dying. But as Warren Armstrong shows military chaplains provided more than comfort. In a country profoundly shaped by religion each side adapted its version of Christianity to support its political views. This book documents the role played by Union chaplains in making better soldiers and supporting the North's military efforts. These

ministers in uniform focused on preserving the Union and reminding soldiers that slavery was the central issue in the war preaching the righteousness of abolition in services held in the mud of campgrounds and often serving as advocates for freedmen Armstrong has drawn on a wide range of documents to explain the duties of Union chaplains and differentiate them from their Southern counterparts He examines the organization of the chaplaincy and reviews its manuals for guidelines on such matters as cultivating desirable character traits and building makeshift churches He also sheds light on the personalities of the men who served examines their attitudes toward the war and assesses their unofficial role as morale officers for the Union army Wherever possible Armstrong uses chaplains letters diaries and written reports to explain their thoughts and actions in their own words His book is narrative history with a richly human element including such episodes as a chaplain who took a fallen soldier s place and died in battle and two chaplains of different faiths who slept together for warmth on a cold winter night at Fredericksburg Before the Civil War the need for a military chaplaincy had been challenged on the grounds of separation of church and state but the valiant service of chaplains during that conflict helped prove their worth and establish a lasting military tradition In relating their story Armstrong s work faithfully documents the contributions chaplains made both to the Union victory and to the form that victory took      **The Quinologist** ,1879
