The Management Mind Field:

In the Mind Fields Casey Schwartz, 2015-08-25 Everywhere I looked it seemed that we were being defined by what our brains were doing Everywhere there were hucksters and geniuses all trying to colonize the new world of the brain I d never been a science person Casey Schwartz declares at the beginning of her far reaching quest to understand how we define ourselves Nevertheless in her early twenties she was drawn to the possibilities and insights emerging on the frontiers of brain research Over the next decade she set out to meet the neuroscientists and psychoanalysts engaged with such questions as How do we perceive the world make decisions or remember our childhoods Are we using the brain Or the mind To what extent is it both Schwartz discovered that neuroscience and psychoanalysis are engaged in a conflict almost as old as the disciplines themselves Many neuroscientists if they think about psychoanalysis at all view it as outdated arbitrary and subjective while many psychoanalysts decry neuroscience as lacking the true texture of human experience With passion and humor Schwartz explores the surprising efforts to find common ground Beginning among the tweedy Freudians of North London and proceeding to laboratories consulting rooms and hospital bedsides around the world Schwartz introduces a cast of pioneering characters from Mark Solms a South African neuropsychologist with an expertise in dreams to David Silvers a psychoanalyst practicing in New York to Harry a man who has lost his use of language in the wake of a stroke but who nevertheless benefits from Silvers s analytic technique *In the Mind Fields* is a riveting view of the convictions obsessions and struggles of those who dedicate themselves to the effort to understand the mysteries of inner life

From Minefield to Mind Field Albert Globus, M. D., 2014-11-07 What an adventure changing one s life My poems highlight the desire to be self sufficient autonomous decisive and creative My essays enhance understanding This is what happened when I did it You can too Often confusing more often fun Therapy is hope for the overwhelmed We direct our lives by exercising the mind s eye Section I pits our experience against what confronts us Section II focuses on spirit and determination We decide who we are by self knowledge Section III outlines the impact of those who are closest to us on our well being and future capacity to respond to our misfortunes and opportunities

The Alchemy of Authentic Leadership Sharon Massoth, Steven Mundahl, 2013-07-08 Why do powerful leaders get outed people like Weiner Schwarzenegger Petraeus Woods and Clinton Why do leaders risk it all to cheat and even closer to home why might you know thyself To do this the leader is taken on a journey of their inner rooms to explore the impact of family dysfunction and beliefs Only when you commit to becoming the leader of your own life do you possess the alchemical formula for authentic leadership If not beware the BeOUTEDtudes Those are the attitudes that could land you a messy divorce a headline on the front page or worse Journey with the author through his own challenges and triumphs in building a strong leadership platform Learn how to heal into wholeness using evidence based therapies as well as holistic and intuitive tools Transform negative corporate cultures using innovative ideas and finally learn the authors alchemical principles called the Seven Tenets of Leadership
