warrior knight of eleventh century Castile known as El Cid is remembered today as the Christian hero of the Spanish crusade who waged wars of re-conquest for the triumph of the Cross over the Crescent He is still honored in Spain as a national hero for liberating the fatherland from the occupying Moors Yet as Richard Fletcher shows in this award winning book there are many contradictions between eleventh century reality and the mythology that developed with the passing years By placing El Cid in a fresh historical context Fletcher shows us an adventurous soldier of fortune who was of a type one of a number of cids or bosses who flourished in eleventh century Spain But the El Cid of legend the national hero was unique in stature even in his lifetime Before his death El Cid was already celebrated in a poem written in tribute of the conquest of Almeria posthumously he was immortalized in the great epic Poema de Mio Cid and became the centerpiece for countless other works of literature When he died in Valencia in 1099 he was ruler of an independent principality he had carved for himself in Eastern Spain Rather than the zealous Christian leader many believe him to have been Rodrigo emerges in Fletcher's study as a mercenary equally at home in the feudal kingdoms of northern Spain and the exotic Moorish lands of the south selling his martial skills to Christian and Muslim alike Indeed his very title derives from the Arabic word sayyid meaning lord or master And as there was little if any sense of Spanish nationhood in the eleventh century he can hardly be credited for uniting a medieval Spanish nation In this groundbreaking inquiry into the life and times of El Cid Fletcher disentangles fact from myth to create a striking portrait of an extraordinary man clearly showing how and why legend transformed him into something he was not during his life A fascinating journey through a turbulent epoch The Quest for El Cid is filled with the excitement of discovery and will delight readers interested not only in Spanish history and literature but those who want to understand how myth can shape our perception of history **Afkār Inquiry**, 1984-06 **New Outlook**, 1967 **Islamic Calligraphy** Ramsey Fendall, 2003 Islamic Calligraphy **The Maghreb Review**, 1997 **The Journal of the Association of Graduates in Near Eastern Studies**, 1997 **Book Review Digest**, 1965
