The Magic Cottage. Spoken Word. IAB 93053. 10 Audio Cassettes James Herbert, Simon Mattacks, 19?? **James**

Herbert - The Authorised True Story 1943-2013 Craig Cabell, 2013-08-05 James Herbert reigned supreme as Britain's undisputed master of horror before his death in March 2013. But his legacy lives on in this fully authorised work. Craig Cabell examines the story behind horror writing's most darkly brilliant mind. For almost 40 years Herbert was Britain's most popular horror author. With sales of over 50 million copies he carved a niche in quality bestselling fiction all of his own. Famous for his Rats trilogy and *The Fog* he broke away from the cut and thrust populist horror novels of the 1970s and 80s to more thought-provoking works featuring the scientific reasoning behind the manifestations of the ghosts and spirits in which he truly believed. Books such as *Others*, *Once* and *The Secret of Crickley Hall* bear testament to his growth as a writer and his continuing desire to chill his readers. Craig Cabell's exploration into the dark sinister world of James Herbert is given incredible depth thanks to a series of over a dozen exclusive candid interviews. Drawing striking parallels between Herbert's career and the events of his life this work sheds light on the personal demons which drove the boy from London's East End to become the pre-eminent horror writer of his generation. Cabell, a friend and confidant of Herbert's until the very end, shares personal correspondence and reminiscences including one of Herbert's previously unpublished pieces entitled *To Ye All* to complete a portrait of one of the most iconic authors of the 20th Century. Prepare to be gripped by the utterly absorbing last chapter in the life of the Master of Chills. **Words on Cassette, 2002** R R Bowker Publishing, 2002 **On Cassette**, 1991

The extremely small population of Australia up to the seventies allowed a major crossover in the arts between poets, musicians, writers, experimental filmmakers and entrepreneurs which in turn influenced the work of audio artists like Kearney in both their commercial and personal film work. Moreover, because there is a paucity of information and very few books available on such people as audio artists, sound designers and location sound recordists, this book and the following volume will be invaluable to those interested in analogue sound on film production period.
