G. Bell, 2004-02 A fantastic tale of adventure and magic. Shipwrecked beyond the great fog, our adventurers find themselves caught up in an ancient prophecy that sends them on a great adventure. Guided by an old wizard, they must sail amongst the magic islands to collect ancient weapons and magical objects. But time is short for the darkness is spreading from the island of the dark volcano and the enemy is abroad. With monsters, magic, and swashbuckling action, they must race to complete their quest and fulfill the prophecy. The first in the series of *The Magic Islands*. Whatever I said, she didn't listen, but rowing into the storm. Ten minutes later, a thin trickle of blood ran down from a cut in her hand. She didn't look at it; she just kept rowing. Now her blood flew like a brook from her hands, and it went all the way down to the bowl of the boat, creating a small pond of blood. The blood that drummed my heart so hard I couldn't stand to watch her do this crazy thing anymore. Do you see the island you are looking for? I asked her in a very loud voice across the electrical charge in the funnel of the storm. Yes, we are very close to it, she happily said as if the storm was a kind of her transportation. When we were about to meet the funnel of the storm, the wind turned wild, tried to lift us up, but the water at the bottom seemed to suck us down into the bottom of the sea. Then the bow of the boat fell into the funnel and it spun around the cone in funnel form. One moment later, the boat was snapped, and we all kicked out into the sea. I woke up and felt the gentle sound of waves lapping the sand near my ears. I opened my eyes and promptly shifted away from the scorching sun. I staggered up to the beach and sank myself down under a tall tree and looked back into the sea. Three small blurred islands appeared in front of me. I slowly closed and opened my eyes for several times before I could see the perfect view of those islands, beautiful like paradise. I unhurriedly gazed to the left and saw lines of tall trees closely grown to one another. And at the far end of the island in which I was sitting on, emerged another small island out in the sea. I turned to the right, and everything was the same: thick forest, tall trees, and another small island out in the sea. As I noticed from left to right for a couple of times, I noticed that the big island in which I was sitting on was half-circled by the five small islands. So in total

there were six islands five small islands and one big island I was sitting on The island itself was remarkably old and it was left here alone in the middle of nowhere for nature to concur and for trees in all sizes and shapes to grow freely on the land The terrible storm had brought me here on this paradise island     **The Kalevala** ,1888     The Fairy-faith in Celtic Countries Walter Yeeling Evans-Wentz,1911 In this study which is first of all a folk lore study we pursue principally an anthropo psychological method of interpreting the Celtic belief in fairies though we do not hesitate now and then to call in the aid of philology and we make good use of the evidence offered by mythologies religions metaphysics and physical sciences     The Shakespearian Drama Denton Jaques Snider,1887     **The Magic Island** W.
