WHEN PROPHETS LIE Dr. Mishael Carson,2025-10-19

WHEN PROPHETS LIE They claim to speak for God But whose voice are you really hearing Failed predictions Manipulative prophecies Commercialized spiritual gifts The modern prophetic landscape is drowning in deception and millions of believers can t tell the difference between genuine revelation and dangerous lies The prophet who told you about your breakthrough year Still waiting The man of God who prophesied victory Experiencing defeat instead The ministry demanding payment for prophetic words That s spiritual fraud For decades false prophets have operated unchecked in the church wounding believers dishonoring God s name and discrediting genuine prophetic ministry They ve turned the sacred gift of prophecy into A merchandise market where words from God cost 500 A manipulation tool where God told me silences all questions A celebrity platform where prophets build empires on failed predictions A confusion factory where vague generalities replace biblical specificity Meanwhile pastors don t know how to test prophecy Believers don t know how to discern false prophets And the church suffers under a flood of presumptuous words that never originated from God s throne But what if there was a biblical blueprint a divine standard that could instantly expose counterfeit prophecy and restore authentic prophetic ministry There is And it s been hidden in plain sight for 2 000 years In WHEN PROPHETS LIE Dr Mishael Carson unveils the game changing revelation found in Acts 2 23 God s determinate counsel and foreknowledge the DNA of all authentic prophecy Through 12 comprehensive scripture saturated chapters you ll discover The 7 biblical tests that instantly identify false prophets Why we prophesy in part doesn t excuse inaccuracy and what it actually means The shocking difference between the office of the prophet and the gift of prophecy 10 common errors corrupting even well meaning prophetic ministers How

to respond when prophets predictions fail biblically not emotionally The Christ centered focus that validates or invalidates every prophetic utterance Practical guidelines for aspiring prophets practicing prophets church leaders and believers This Book Will Equip You To RECOGNIZE false prophets before they wound your family or church TEST every prophetic word against Scripture s unchanging standard PROTECT yourself and others from spiritual manipulation DISTINGUISH genuine divine revelation from human speculation OPERATE in authentic prophetic gifting if called with biblical accuracy RESTORE confidence in genuine prophetic ministry HOLD ACCOUNTABLE those who presume to speak for God What Leaders Are Saying This book is the most comprehensive biblical treatment of prophetic ministry I ve encountered Dr Carson doesn t shy away from hard truths and the church is better for it Senior Pastor Megachurch Network Finally a book that separates genuine prophecy from spiritual fraud Every church leader needs this resource Bishop International Ministry Network Dr Carson s prophetic voice thunders with both conviction and compassion This book will save believers from deception and restore honor to authentic prophetic ministry Bible College President After reading WHEN PROPHETS LIE I could finally identify the manipulation I d experienced This book brought healing and discernment

Reclaiming Prophecy

Darin Slack,2015-05-16 Is there a way to experience prophetic ministry in a God honoring way without all the mess and

confusion Prophetic ministry is the Holy Spirit's gift to the Church. Yet this gift has been abused, confused and misused making it difficult for today's Church leaders to embrace. With biblically sound delivery, Darin Slack offers a compelling perspective based on his thirty years of experience in prophetic ministry. He challenges indifference and complacency while discouraging doctrinal disorder in the administration of the gift. Slack provides a powerful and much-needed balance that will allow Church leaders to see the great potential for blessing in the prophetic while reducing the risk. Through Scripture, Slack offers leaders from all doctrinal backgrounds a faith-building process for realizing prophecy that leads to Church edification. 1 Cor 14:3 This book is a must have for every pastor or Church leader who desires to scripturally understand and implement prophetic ministry.

Natural Prophets Joe Dobrow, 2014-02-18 From a handful of idealistic farmers and local co-ops in the 1960s to the domination of juggernauts like Whole Foods, the wild success of the natural and organic foods industry proves that principled business is not just possible but profitable. With nearly unfettered double-digit annual growth, the development of this now \$88 billion industry is one of the most remarkable untold stories in American business history. Trailblazers like Mo Siegel of Celestial Seasonings, Gary Hirshberg of Stonyfield Farms, and John Mackey of Whole Foods openly challenged the interests of Big American Agribusiness. Transformed food manufacturing and retailing and re-wrote the playbook for small entrepreneurs. Dobrow, a 20-year veteran of the natural foods industry who had a front-row seat and backstage pass to much of the upheaval and expansion, he describes, characterizes the radical vision of these natural prophets as one part anti-industrial activism, one part bold opportunism, and one part new-era marketing genius. The triple bottom line (people, planet, profit) emerged as a major new lodestone for successful values-based business practices. **Natural Prophets** is a fascinating narrative account of these upstart Davids and their failures and their unprecedented successes that distills lessons about management, marketing, and entrepreneurial growth and offers a lively, urgent profile of an industry that continues to change the way we eat, the way we live, and the way we think about ourselves.

Stewards, Prophets, Keepers of the Word Ritva H. Williams, 2006 Stewards, prophets, keepers of the word: these roles reflect the hierarchical social structures, religious experiences, and faithfulness to tradition found in ancient Mediterranean cultures and, as Ritva Williams argues, influenced the development of early Christianity. The linear progression of leadership (from apostles to bishops or apostles to presbyters or charismatics to office holders, etc.) commonly thought to have emerged in the early church does not appear in early Christian texts from the mid-first to early second centuries. Instead, what these texts reveal is a variety, diversity, and plurality of ways that Christ-followers adopted and adapted these dynamic roles from antiquity as they struggled to organize and live in their local situations.
