Pure Lands in Asian Texts and Contexts Georgios T. Halkias, Richard K. Payne, 2019-03-31 This diverse anthology of original Buddhist texts in translation provides a historical and conceptual framework that will transform contemporary scholarship on Pure Land Buddhism and instigate its recognition as an essential field of Buddhist studies Traditional and contemporary primary sources carefully selected from Buddhist cultures across historical geopolitical and literary boundaries are organized by genre rather than chronologically geographically or by religious lineage a novel juxtaposition that reveals their wider importance in fresh contexts Together these fundamental texts from different Asian traditions expertly translated by eminent and up and coming scholars illustrate that the Buddhism of pure lands is not just an East Asian cult or a marginal type of Buddhism but a pan Asian and deeply entrenched religious phenomenon The volume is organized into six parts Ritual Practices Contemplative Visualizations Doctrinal Expositions Life Writing and Poetry Ethical and Aesthetic Explications and Worlds beyond Sukh vat Each part is introduced and summarized and each translated piece is prefaced by its translator to supply historical and sectarian context as well as insight into the significance of the work Common and less common issues of practice doctrine and intra religious transfer are explored and deeper understandings of the meaning of pure lands are gained through the study of the celestial cosmological internal and earthly pure lands associated with various buddhas bodhisattvas and devotional figures The introduction by the volume editors ties the diverse themes of the book together and provides a historical background to Pure Land Buddhist studies Scholars of Buddhism and Asian religion including graduate

and post graduate students as well as Buddhist practitioners will appreciate the range of translated materials and accompanied discussions made accessible in one essential collection the first of its kind to center on the formerly neglected topic of Buddhist pure lands **The Chinese Transformation of Manichaeism** Peter Bryder,1985 *Corpus Inscriptionum Iranicarum: The Babylonian versions of the Achaemenian inscriptions.
