Perspectives on Henri Lefebvre Jenny Bauer,Robert Fischer,2018-12-03 The articles take a decidedly interdisciplinary look at the opus of the French philosopher sociologist and pioneer of spatial analysis Henri Lefebvre 1901 1991 His works are reflected upon from theoretical and practical perspectives by authors from various fields literature history philosophy sociology ethnology closely examining text references from Lefebvre **Brazilian Bulletin** ,1963 *The Mansions and the Shanties (Sobrados E Mucambos)* Gilberto Freyre,1963 This book describes the slow breakdown of Brazil s rural patriarchal society and the rise of power of the cities Topics covered in this book include architecture home life the role of women the position of the slave the development of the merchant class the influence of the Orient versus the Enlightenment the breakdown of strict racial castes and the economic factors that changed Brazil from a relatively isolated nation to one in the mainstream of western civilization **Department of the Army Pamphlet** ,1964 *The Human Tradition in Modern Brazil* Peter M. Beattie,2004 The Human Tradition in Modern Brazil makes the last two centuries of Brazilian history come alive through the stories of mostly non elite individuals The pieces in this lively collection address how people experienced historical continuities and changes by exploring how they related to the rise of Brazilian national identity and the emergence of a national state By including a broad array of historical actors from different regions ethnicities occupations races genders and eras The Human Tradition in Modern Brazil brings a human dimension to major economic political cultural and social transitions Because these perspectives do not always fit with the generalizations made about the predominant attitudes values and beliefs of different groups they bring a welcome complexity to the understanding of Brazilian society and history
