The Magic Crystal 2 Island Of The Unicorn Magic Crystal:

European Comics in English Translation Randall William Scott, 2002 European comic authors produced a steady stream of comic material throughout the twentieth century but gained the world's notice in 1975 when the French magazine *Métal Hurlant* was founded. A new generation of artists and writers had begun. Soon publishers were producing translations of the new comics into other languages including English and comics creators everywhere were inspired to innovation. This is a reference work arranged by artist or writer to European comics from the last quarter of the twentieth century that have been translated from any European language into English. It contains a variety of material from the innocent imperialism of Herge's Tintin to the sadistic murder for hire in Bernet's Torpedo Albums by a single creator or artist and writer team of European origin. The focus comics in periodicals and anthologies with multiple contributors are excluded. Each entry provides a plot abstract and various notes about the original comic. An author index provides brief biographical information. There is a comprehensive general index. *National Lampoon*, 1991 **The Comics Journal**, 1990 **French Science Fiction, Fantasy, Horror and Pulp Fiction** Jean-Marc Lofficier, Randy Lofficier, 2000 Connoisseurs of fantasy science fiction and horror have long recognized the important contributions of thousands of French authors, filmmakers, and artists. The volume is divided into two parts. Part I gives historical overviews, complete lists, descriptions, and summaries for works in film, television, radio, animation, comic books, and graphic novels. This section also includes interviews with animation director René Laloux and comic book artist Moebius, as well as comments from filmmaker Luc Besson. Biographies are provided for over 200 important contributors to television and graphic arts. Part II covers the major authors and literary trends of French science fiction, fantasy, and horror from the Middle Ages to the present day. French Canadians and Belgians are also examined. There is a biographical dictionary of over 3,000 authors, a section on major French awards, and a complete bibliography. Many illustrations illuminate this thorough presentation. *The Slings & Arrows Comic Guide* Frank Plowright, 2003 Reviews and analyses of over 5,000 titles from the 1930s to date. Every comic of note from the past fifty years is included in this comprehensive guide to American comics. From the underground to children's comics, autobiography to fantasy. **Picture Book for Little Unicorns - "Oren the Son of the Great Unicorn Wizard Starchant"** Marcella Gucci, 2024-06-17 Oren the Son of the Great Unicorn Wizard Starchant.
