the College where it commenced at Hunt s Bank Bridge to Red Bank The little alley by the Town Mill called Mill brow which led down to the wooden Mill Bridge was little more of a gap than those narrow entries or passages which pierced the walls like slits here and there and offered dark and perilous passage to courts and alleys trending in steep incline to the very bed of the Irk The houses themselves had been good originally and were thus cramped together for defence in perilous times when experience taught that a narrow gorge was easier held against warlike odds than an open roadway About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
