## **The Mantle Of The Prophet Religion And Politics In Iran:**

*The Mantle of the Prophet* Roy P. Mottahedeh,2000 Drawn from the first hand accounts of eyewitnesses Roy Mottahedeh's gripping account of Islam and politics in revolutionary Iran is widely regarded as one of the best records of that turbulent time ever written The true story of a young mullah his life in the sacred shrine city of Qom and the dramatic events of the 1979 Revolution this enthralling account paints a vivid picture of contemporary Iran while providing a panoramic survey of Muslim Shi'ite and Persian culture from the Middle Ages to the present day From the ancient time of Zoroaster to the world of Khomeini this sweeping saga interweaves biography with history politics and religion to offer new levels of understanding into Iran past present and future Written with feeling sympathy and clarity Professor Mottahedeh's compelling and highly readable account offers a unique insight into one of the most significant players on the contemporary world stage

*The Mantle of the Prophet* Roy P. Mottahedeh,2009    *The Mantle of the Prophet* Roy Mottahedeh,1985    **The Mantle of the Prophet** Roy Mottahedeh,1986-09 A successful work on the culture and politics of modern day Islam as told through the story of a young Iranian cleric

**A History of Social Justice and Political Power in the Middle East** Linda T. Darling,2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism

**Religion and Politics in the Middle East** Robert D. Lee,2013-07-09 This innovative book analyzes the relationship between religion and politics in the Middle East through a comparative study of five countries Egypt Israel Turkey Iran and Saudi Arabia Robert D Lee examines each country in terms of four domains in which state and religion necessarily interact national identity ideology institutions and political culture In each domain he considers contradictory hypotheses some of them asserting that religion is a positive force for political development and others identifying it as an obstacle Among the questions the book confronts Is secularization a necessary prerequisite for democratic development How is it and why is it that religion and politics are so deeply entangled in these five countries And why is it that all five countries differ so markedly in the way they identify

themselves and use religion for political purposes The book argues that the nature of religious organization and practice in the Middle East must be understood in the context of individual nation states The second edition is updated throughout and includes an entirely new chapter discussing the political and religious climate in Saudi Arabia Earlier introductory analysis has been condensed to make room for new material and chronologies at the end of each chapter have been added to help students understand the broader context The second edition of Religion and Politics in the Middle East is a robust addition to courses on the Middle East

[Iran](#) ,2007-08-24 On June 24 2005 after nearly ten years of supporting liberal reform the people of Iran surprised the world by electing the conservative mayor of Tehran Mahmoud Ahmadinejad as their new president Soon after the new president announced Iran would restart its uranium enrichment program drawing international criticism and condemnation from leaders in Europe and the United States Many observers suspect it is the desire to produce not nuclear energy but nuclear weapons that lies behind Iran s controversial decision Ever since President George W Bush described Iran Iraq and North Korea as the Axis of Evil Iran has garnered increased international attention and threatens to become the new focus of European and American foreign policy Now you can have at your fingertips up to date must know details on this complex pivotal country straight from one of the most trusted sources of information around the globe The first in a major new series from Encyclopedia Britannica Iran presents a balanced sophisticated examination of Iran s social cultural and political landscape past and present From the constitutional revolution to the hostage crisis to weapons of mass destruction this thorough guide provides the necessary background to comprehend all the important ongoing issues surrounding this enigmatic country Information on such leaders as Cyrus the Great and Nobel Peace Prize winner Shirin Ebadi as well as on historical events like the Iran Contra Affair and the Iran Iraq War place current developments into the broader context of world history the Muslim world the War on Terror and the push for democratic reform in the Middle East Every concise entry from Afghanistan and Ayatollah Khomeini to Shari ah law and the Shah promotes the deeper understanding of issues and events that only Encyclopedia Britannica can provide Since 1768 Encyclopedia Britannica has been a leading provider of learning products and one of the world s most trusted sources of information [www.britannica.com](http://www.britannica.com)

*Religious Freedom* Olga Breskaya, Giuseppe Giordan, Siniša Zrinščak, 2023-09-12 Religious freedom has become increasingly important across the global spectrum over the past decades but has remained a contested concept This book fills the gap in the scholarship on religious freedom by focusing on sociological dimensions and research methods Chapters in this book present data and case studies from Italy Russia Iran Israel South Korea and the United States encompassing a broad geographical scope and highlight three main issues The first is the deep and persistent gap between normative and actual practices The detailed analyses bring insights into how religious freedom is understood and implemented in various contexts and its meaning in everyday life The second one is the complex interplay of various religious and secular actors in each society Chapters focus on how it is essential to study how states define religious freedom and the impact of other actors such

as nongovernmental organisations religious institutions communities leaders and members of various religious non religious groups The third is the role of rival ideologies and the impact of extraordinary social events such as the COVID pandemic which can considerably change how religious freedom is conceptualised and implemented The book will be a key resource for academics researchers and advanced students of Religion Sociology Comparative Studies Research Methods and Social Sciences The chapters included in this book were originally published as a special issue of Religion State and Society

Maloney,2015-08-20 This book provides a comprehensive overview of Iran s political economy since the 1979 revolution and examines the country s energy sector

**Ayatollahs, Sufis and Ideologues** Fālīh 'Abd al-Jabbār,2002

This book is the first comprehensive study of Islam and Islamism in Iraq It begins by presenting the multitude of forms and structures of religion present there from organized religion to the myriad patterns of popular religion as well as the various Islamist social movements and organizations in existence All serving social political and economic functions that are complex and intricate It also attempts to avoid the oversimplified current views on the nature of Islam and its roles within Iraq especially with regard to the interplay between ethnicity and religion the trilogy of Kurds Shi is and Sunnis who presumably lead a strained antagonistic relationship While focusing on the unique nature of religion and state religion tensions in Iraq the book includes detailed comparisons with other Middle Eastern countries mainly Iran

The Middle East and North Africa 2003 Eur,

*The Passion of Michel Foucault* James Miller,Jim Miller,1994-03 The first detailed account of Foucault s lifelong obsession with death suicide drugs and sadomasochistic eroticism James Miller s impressively documented study is a provocative exploration of the life and work of one of the most influential original and controversial figures in 20th century intellectual history

**The Political History of Modern Iran** Mehran Kamrava,1992 This book offers a concise and comprehensive examination of Iran s political history from the establishment of the Qajar dynasty in 1785 until the present It focuses on both the historical evolution of Iranian political institutions as well as on the processes and phenomena to which these institutions have been exposed Since politics do not occur within a culturally vacuous context attention is also drawn to the dominant characteristics of Iran s political culture from tribalism and religion to the cult of personality and political demagoguery that have similarly shaped political life in Iran Such characteristics have acquired added accent under the revolutionary regime of the Islamic Republic although the revolution s gradual routinization has once again brought about a measure of political normalcy Attention is drawn to the persistence of specific political dynamics that have proven to be particularly resilient throughout Iran s recent history Throughout the reigns of the three regimes governing Iran since the eighteenth century the Qajars the Pahlavis and the Islamic Republic radically different from one another as they have been the three themes of political autocracy foreign intervention and revolution have remained
