Financial Planning Fundamentals Jill Booker, 2006 **The Interface of Accounting Education and Professional Training** Elaine Evans, Roger Juchau, Richard M.S. Wilson, 2014-07-16 Over many decades the global development of professional accounting education programmes has been undertaken by higher education institutions professional accounting bodies and employers These institutions have sometimes co operated and sometimes been in conflict over the education and or training of future accounting professionals These ongoing problems of linkage and closure between academic accounting education and professional training have new currency because of pressures from students and employers to move accounting preparation onto a more efficient economic and practical basis The Interface of Accounting Education and Professional Training explores current elements of the interface between the academic education and professional training of accountants in Australia New Zealand South Africa and the UK It argues for a reassessment of the considerations and requirements for developing professional accounting programs which can make a student capable of being an accountant the academy ready to be an accountant the workplace and professional in being an accountant the professional bodies This book was originally published as a special issue of Accounting Education An International Journal

Competency-Based Accounting Education, Training, and Certification Alfred Borgonovo, Brian Friedrich, Michael Wells, 2019-06-06 This guide is designed to assist all those who are responsible for providing or overseeing formal education or practical experience that forms part of the initial professional development of aspiring professional accountants or the continuing professional development of professional accountants It is particularly relevant to professional accountancy organizations It is also intended for policy makers and regulators who determine which organizations are licensed to certify professional accountants and related specializations for example audit professionals The purpose of the guide is to increase understanding of the gap between the current skills of many accountants in some regions and the skills that are relevant in increasingly digitized and globalized economies convey the essential features of Competency Based Accounting Education Training and Certification CBAETC provide a common reference framework for organizations pursuing CBAETC and the consultants working with them assist countries in developing in country plans and implementing in country processes that produce accountants with higher order skills relevant to their economy s rapidly evolving needs and improve financial reporting auditing and regulation This guide complements and builds on International Education Standards IES of the International Accounting Education Standards Board IAESB Community colleges and technician training United States.
