**The Eden Express** Mark Vonnegut, M.D.,2008-12-18 One of the best books about going crazy required reading for those who want to understand insanity from the inside The New York Times Book Review Mark Vonnegut set out in search of Eden with his VW bug his girlfriend his dog and his ideals But genetic predisposition and a whole lot of going down made Mark Vonnegut crazy in a culture that told him mental illness is a myth and schizophrenia is a sane response to an insane society Here he tells his story with the eyes that see from the inside out a moving remembrance of an era and a revealing look at mental illness and getting well again

**The Eden Express** Mark Vonnegut,2002-11-05 The Eden Express describes from the inside Mark Vonnegut's experience in the late 60s and early 70s a recent college grad in love living communally on a farm with a famous and doting father cherished dog and prized jalopy and then the nervous breakdowns in all their slow motion intimacy the taste of mortality and opportunity for humor they provided and the grim despair they afforded as well That he emerged to write this funny and true book and then moved on to find the meaningful life that for a while had seemed beyond reach is what ultimately happens in The Eden Express But the real story here is that throughout his harrowing experience his sense of humor let him see the humanity of what he was going through and his gift of language let him describe it in such a moving way that others could begin to imagine both its utter ordinariness as well as the madness we all share
