**The Einstein File** Fred Jerome, 2003-06-17 From the moment of Einstein's arrival in the U S in 1933 until his death in 1955 J Edgar Hoover's FBI with help from several other federal agencies busied itself collecting derogatory information in an effort to undermine Einstein's influence and destroy his prestige For the first time Fred Jerome tells the story of that anti Einstein campaign as well as the story behind it why and how the campaign originated and thereby provides the first detailed picture of Einstein's little known political activism Unlike the popular image of Einstein as an absent minded head in the clouds genius the man was in fact intensely politically active and felt it was his duty to use his world wide fame shrewdly in the cause of social justice A passionate pacifist socialist internationalist and outspoken critic of racism Einstein considered racism America's worst disease and personal friend of Paul Robeson and W E B DuBois Einstein used his immense prestige to denounce McCarthy at the height of his power publicly urging witnesses to refuse to testify before HUAC The story that emerges not only reveals a little known aspect of Einstein's character but underscores the dangers that can arise to threaten the American Republic and the rule of law in times of obsession with national security
