*The Adding Machine* William S. Burroughs, 2013-10-14 Sheer pleasure Wonderfully entertaining Chicago Sun Times  
Acclaimed by Norman Mailer more than twenty years ago as possibly the only American writer of genius William S Burroughs has produced a body of work unique in our time In these scintillating essays he writes wittily and wisely about himself his interests his influences his friends and foes He offers candid and not always flattering assessments of such diverse writers as Ernest Hemingway F Scott Fitzgerald Joseph Conrad Graham Greene Jack Kerouac Allen Ginsberg Samuel Beckett and Marcel Proust He ruminates on science and the often dubious paths into which it seems intent on leading us whether into outer or inner space He reviews his reviewers explains his famous cut up method and discusses the role coincidence has played in his life and work As satirist and parodist William Burroughs has no peer as these varied works written over three decades amply reveal     The Adding Machine William S. Burroughs, 1985     **Beat Generation Writers** A. Robert Lee, 1996-01-20 Focuses on some of the most popular writers of the last forty years One of the few books to explore the role of women and gender in the Beat movement     Nothing Is True-Everything Is Permitted John Geiger, 2005-06-01 The multimedia artist poet and novelist Brion Gysin may be the most influential cultural figure of the twentieth century that most people have never heard of Gysin 1916 1986 was an English born Canadian raised naturalized American of Swiss descent who lived most of his life in Morocco and France He went everywhere when the going was good He dabbled with surrealism in Paris in the 1930s lived in the interzone of Tangier in the 1950s and traveled the Algerian Sahara with Sheltering Sky author Paul Bowles before moving into the legendary Beat Hotel in Paris Gysin s ideas influenced generations of artists musicians and writers among them David Bowie Keith Haring Patti Smith Michael Stipe Genesis P Orridge John Giorno and Brian Jones of the Rolling Stones None was touched more profoundly than William S Burroughs who said admiringly of Gysin There was something dangerous about what he was doing It was Gysin who introduced the Rolling Stones to the exotica of Morocco and took Stones guitarist Brian Jones to Jajouka where he recorded the tribal musicians performing the Pipes of Pan It was Gysin who provided the hashish fudge recipe published in Alice B Toklas cookbook promising ecstatic reveries and extensions of one s personality on several simultaneous planes It was Gysin who introduced Burroughs to an automatic writing method called the cut up a literary progenitor to sampling And it was Gysin who developed with Ian Sommerville the Dream Machine a device that allowed people with the flick of a switch to access altered states of consciousness without drugs Working with the authorization of Gysin s literary executor William S Burroughs John Geiger has produced the first ever biography of the painter poet piper Brion Gysin     **Naked Lens** Jack Sargeant, 2011-04-25 Celebrating the celluloid expression of the Beat spirit arguably the most sustained legacy in U S counterculture Naked Lens is a comprehensive study of the most significant interfaces between the Beat writers Beat culture and cinema Naked     Burroughs Unbound S. E. Gontarski, 2021-11-18 In addition to contributing significantly to the growing field of Burroughs scholarship Burroughs

Unbound also directly engages with the growing fields of textual studies archival research and genetic criticism asking crucial questions thereby about the nature of archives and their relationship to a writer's work These questions about the archive concern not only the literary medium In the 1960s and 1970s Burroughs collaborated with filmmakers sound technicians and musicians who helped re-contextualized his writings in other media Burroughs Unbound examines these collaborations and explores how such multiple authorship complicates the authority of the archive as a final or complete repository of an author's work It takes Burroughs seriously as a radical theorist and practitioner who critiqued drug laws sexual practice censorship and what we today call a society of control More broadly his work continues to challenge our common assumptions about language authorship textual stability and the archive in its broadest definition *The Iron Whim* Darren Sean Wershler-Henry, 2007 *The Iron Whim* is an intelligent irreverent and humorous history of writing culture and technology It covers the early history and evolution of the typewriter as well as the various attempts over the years to change the keyboard configuration but it is primarily about the role played by this marvel in the writer's life Darren Wershler Henry populates his book with figures as disparate as Bram Stoker Mark Twain Franz Kafka Norman Mailer Alger Hiss William Burroughs J G Ballard Jack Kerouac Hunter S Thompson Northrop Frye David Cronenberg and David Letterman the soundtrack ranges from the industrial clatter of a newsroom full of Underwoods to the more muted tapping and hum of the Selectric Wershler Henry casts a bemused eye on the odd history of early writing machines important and unusual typewritten texts the creation of *On the Road* and the exploits of a typewriting cockroach named Archy numerous monkeys poets and even a couple of vampires He gathers into his narrative typewriter related rumors and anecdotes Henry James became so accustomed to dictating his novels to a typist that he required the sound of a randomly operated typewriter even to begin to compose And by broadening his focus to look at typewriting as a social system as well as the typewriter as a technological form he examines the fascinating way that the tool has actually shaped the creative process With engaging subject matter that ranges over two hundred years of literature and culture in English *The Iron Whim* builds on recent interest in books about familiar objects and taps into our nostalgia for a method of communication and composition that has all but vanished *American Novelists Since World War II*. James Richard Giles, Wanda H. Giles, 1995 Contains biographical sketches of writers who either began writing novels after 1945 or have done their most important work since then **The Bohemian Register** Morgen Hickey, 1990 Explores the Beat Movement encompassing over 700 titles and nearly 200 authors and poets **Borderlines**, 1994 **The Cumulative Book Index**, 1986 A world list of books in the English language *Art & Text*, 1989 **Reference Guide to American Literature** Thomas Riggs, 2000 Concise discussions of the lives and principal works of American writers thinkers and cultural figures written by subject experts **Twentieth-century Literary Criticism** Gale Research Company, 2005 Excerpts from criticism of the works of novelists poets playwrights short story writers and other creative writers who lived between 1900 and 1960 from the first published critical appraisals to
