# Sport Sectarianism And Society In Ireland

**Liam Harte, Yvonne Whelan**

## **Sport Sectarianism And Society In Ireland:**

*SPORT, SECTARIANISM AND SOCIETY* John Sugden, Alan Bairner, 1995-01-01 This text examines the political nature of sport and leisure in Northern Ireland as an often overlooked aspect of the divided community. The politics of partition are integral to the rivalry between clubs to the support the clubs receive and even to the very choice of games played and watched.

*Sport, Sectarianism, and Society in a Divided Ireland* John Peter Sugden, 1993 *Power Games* John Peter Sugden, Alan Tomlinson, 2002 Critical and radical perspectives have been central to the emergence of the sociology of sport as a discipline in its own right. This ground breaking new book is the first to offer a comprehensive theory and method for a critical sociology of sport. It argues that class political economy hegemony and other concepts central to the radical tradition are essential for framing understanding and changing social and political relations within sport and between sport and society. The book draws upon the disciplines of politics, sociology, history and philosophy to provide a critical analysis of power relations throughout the world of sport while offering important new case studies from such diverse sporting contexts as the Olympics, world football, boxing, cricket, tennis and windsurfing. In the process it addresses key topics such as nations and nationalism, globalisation, race, gender, political economy. Power Games can be used as a complete introduction to the study of sport and society. And will be essential reading for any serious student of sport. At the same time it is a provocative book that by argument and example challenges those who research and write about sport to make their work relevant to social and political reform.

*Sport and Nationalism in Ireland* Mike Cronin, 1999 This book examines the development of a nationalist agenda within Irish sport and searches for a definition of nationalism in this context. The question of what Irish nationalism is and what forces shape it has stretched the minds of generations of Irish historians and political scientists. For some the answer has been found within the realms of political history while others have examined how the cultural impact of Irish literature and drama has shaped nationalism. These genres relied on elites be they political or literary within Irish society to understand the evolution of nationalist thinking and the operation of nationalism as an ideal. Sport offers a new way of looking at nationalism as it offers mass consumed low culture as a vehicle. Since the foundation of the Gaelic Athletic Association (GAA) in 1884 through to the current popularity of soccer, sporting events have been played by tens of thousands and watched by hundreds of thousands of Irish people both at home and as part of the diaspora. This means that sport has a greater resonance and meaning for the experience of the multitude of the Irish in stark contrast to the operation of Dublin centred politics and literature. This book defines sporting nationalism through the experience of Gaelic games and soccer as examples of mass spectator sport. The choice of a mass spectator sport which a nation chooses to support will demonstrate the perceived place of that nation within the world and the trends prevalent within its society thereby intrinsically defining the state of its nationalism.

*Sport and Society in Victorian Ireland* Tom Hunt, 2007 This book examines the development of sports in Victorian Ireland using the example of Westmeath as a case study. It explores the development of hunting, racing,

commercial sports golf cycling and tennis cricket hurling and football soccer and rugby It also examines the importance of spectator sports and a variety of ancillary attractions It examines the importance of the club as a vehicle for facilitating sporting involvement the financing of sports and recreation the commercialization of sports and the importance of codification It also constructs a social profile of individuals active in the various sports The role of sports in providing recreational opportunities for women is examined as is the importance of the military to sports promotion and the importance of sports to the military The book illustrates the importance of sport in creating a social life for participants at all levels of society The crucial importance of post 1900 developments in cultural nationalism and their impact on recreational activities and in particular the re emergence of the GAA are also investigated The information is placed in a comparative context and links Westmeath to the Irish sporting world and places the developments in Westmeath within the sporting revolution of the wider Victorian world The book demolishes various established ideas of the Victorian sporting world in rural Ireland and enhances our understanding of what games people were playing and why they played them The range of sports examined contributes to the production of an inclusive and comprehensive study that enhances our understanding of the social history of several groups in society

*Sport and the Irish* Alan Bairner,2005 This book brings together the work of a numbers of scholars who have an interest in the historical social and political significance of sport in Ireland It contributes not only to wider debates about Irish history society and politics and but also to the steadily growing body of work devoted to understanding the role of sport in the shaping of modern societies In terms of history the book takes the reader from the late nineteenth century and the origins of modern sport through the formation of the Irish Free State to the divisions that have so adversely affected Northern Ireland since the late 1960s The book also allows readers to consider the relationship between sport national identities and gender in a contemporary Irish context together with the role that sport can play in terms of conflict and conflict resolution

International Review for the Sociology of Sport ,2009 Ireland Beyond Boundaries Liam Harte,Yvonne Whelan,2007 This is an an authoritative up to date account of the development of Irish Studies over the past two decades The authors examine the key debates that have underpinned recent scholarship and analyse critical concerns that have shaped the subject s remarkable growth They trace the institutional fortunes of Irish Studies in Ireland the USA Canada Australia and Britain and features in depth critical accounts of specific trends and themes within Irish historiography literary criticism religion migration music cultural geography sport and media culture

**Irish Historical Studies** ,2006

*Sports* Allen Guttmann,2004 From ancient Egyptian archery and medieval Japanese football to contemporary American baseball sports have been shaped by and in turn have helped shape the culture of which it is part This work traces this evolution across continents cultures and historical epochs to construct a single comprehensive narrative of the world s sports

**Sport and Physical Activity in the Modern World** J. Richard Polidoro,John Richard Polidoro,2000 This book provides a concise and comprehensive review of major developments in sport and physical activity during the nineteenth and

twentieth centuries as viewed from an international perspective Some of the world's leading experts in sports history identify and analyze the major global issues and concerns confronting sport and physical education today Unlike books that try to cover the entire history of sport from early societies to the present this book focuses on the specific events developments and programs that have shaped sport as we know it today For anyone interested in the history of sport

**Sport and National Identity in the European Media** Neil Blain, Raymond Boyle, Hugh O'Donnell, 1993 An analysis of the way in which mass

media in 12 European countries turn sport into politics concentrating on the way the media contribute to the ongoing reconstitution of national identity While the greater part of the volume focuses in detail on the press there is also substantial commentary on television practice in several chapters and two chapters address themselves exclusively to television The volume is also concerned throughout with the political economy of the media world Distributed by St Martin's Press

Annotation copyright by Book News Inc Portland OR **Éire-Ireland**, 1994 Irish Economic and Social History, 1999

*Gaelic Games, Nationalism and the Irish Diaspora in the United States* Paul Darby, 2009 Full many years neath foreign skies A stranger have I strayed I've mingled in their sportive joys And heard their music played But still the dearest spot on earth Which links me to its scene For cheerful hearty guileless mirth Is an Irish hurling green The Gael May 1887 705

**Sport and Postcolonialism** John Bale, Mike Cronin, 2003-02 Sport and Postcolonialism explores the wealth of issues and experiences that compromise the postcolonial sporting world and questions whether sport can act as a form of resistance in postcolonial states

**The Canadian Journal of Irish Studies**, 2006 **Scorpions in a Bottle** John P. Darby, 1997

Scorpions in a Bottle describes the interlocking elements which make up the Northern Ireland Problem Political and constitutional differences inequalities violence and its legacy and religion and ethnicity are closely examined New perspectives are offered on the conflict the people and the history of Northern Ireland Discussion is set firmly within the context of conflict analysis and policy options are suggested for Northern Ireland and pluralist societies Scorpions in a Bottle will be of value to scholars of Northern Ireland comparative ethnic studies and conflict management

**Hitotsubashi Journal of Arts & Sciences**, 2010 **Ireland and Anglo-Irish Relations Since 1800: Parnell and his legacy to the Treaty** Neil C. Fleming, Alan O'Day, 2008 This landmark series of three volumes brings together selected essays from leading

and specialist journals that have made a significant or original contribution to Irish historiography Each volume contains a range of articles reappraising the major political themes of the period but also offering new interpretations on social economic cultural and religious history as well as women's history and historical geography Introductions to each volume explain the specific and wider significance of the articles

This is likewise one of the factors by obtaining the soft documents of this **Sport Sectarianism And Society In Ireland** by online.
