## **Spring Pool A Guide To The Ecology Of Temporary Ponds:**

**Spring Pool** Ann Downer,1992 A close up look at ponds formed by melting snow and spring rains and at the varied life that exists in them     **The World's Regions and Weather** Phyllis J. Perry,1996-02-15 Use the power of fiction and imagination to draw students into the world of science Focusing on climate and weather Perry suggests trade book titles that will fascinate young readers and build their scientific knowledge Activities help educators implement an integrated approach to language arts science geography and social studies A final section provides additional resources Grades 5 9     **Life in a Pond (eBook)** Ilene L. Follman,1997-09-01 The information contained in this resource and activity book enhances children s knowledge and awareness of the living and non living components of a pond including the variety of life forms that can be found living on under and around the surface of a pond Through observation and investigation children will discover

similarities differences and interactions among living things that inhabit a pond Activities that emphasize plant and animal adaptations interdependence and food chains enable students to learn more about how living things survive in a still freshwater ecosystem Four transparencies print books or PowerPoint slides eBooks are included to engage students in discussion and reinforce the concepts presented in the book     *A Guide to the Identification and Protection of Vernal Pool Wetlands of Connecticut* Daniel F. Donahue,1997     **Elephant Talk** Ann Downer,2017-01-01 Audisee eBooks with Audio

combine professional narration and sentence highlighting for an engaging read aloud experience On a hot day in the African savannah a group of elephants searches for food While foraging they often lose sight of one another Yet at the end of the day in one coordinated movement the elephants suddenly regroup This coordinated movement and others like it has puzzled scientists and caused them to question how elephants communicate with each other Since the 1990s scientists have gathered significant data on elephant talk Biologists have determined that elephants use a complex system of communication of at least ten distinct sounds combined in many variations Researchers are now asking what do these sounds mean As scientists study the elephant sounds that humans can hear they are also identifying ways elephants communicate through nonverbal behaviors and making sounds too low for human ears Scientists have realized that elephants even receive messages by using their sensitive feet to feel vibrations in the ground All of these discoveries are helping elephant researchers better understand elephant behavior But the elephant s time as a wild animal is running out Threatened by habitat loss and illegally hunted for their ivory tusks elephants are on the brink of extinction Will understanding elephant talk be the key to saving the species     **Bibliographic Guide to the Environment** ,1992     **Literature & the Learner** Frances S. Goforth,1998 As a genre text not an anthology this text teaches students about literature forms and discusses ways of using literature in the classroom It is used to give students the background they need to evaluate select and use children s literature in their own teaching A database of current literature is provided with the text and will be updated annually     **Environmental**
