and perspectives are represented in Jamie's own writings and especially in the unique parent child reading journal that contributed so much to her social and academic growth. The story goes on to relate the unanticipated turn of events in Jamie's third grade year and how her literacy enabled her to deal with those events and to influence others as well. Jamie brings you inside a classroom in which reflective teaching practice unquestionably empowered both the teacher and the students. Jamie's story touches on a host of critical educational issues: parent involvement, inclusion, assessment, curriculum reform, equity and justice for all learners. It will not be forgotten.
