## **Spy Trap:**

**Looking-Glass Wars: Spies on British Screens since 1960** Alan Burton, 2018-01-31 *Looking Glass Wars Spies on British Screens since 1960* is a detailed historical and critical overview of espionage in British film and television in the important period since 1960. From that date the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema, the spy thriller and of the new style spy writing of John le Carr and Len Deighton. The espionage story in the 1960s there developed a popular cycle of spy thrillers in the cinema and on television. The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond films. The study also brings new attention to espionage on British television and popular secret agent series such as *Spy Trap*, *Quiller* and *The Sandbaggers*. It also gives attention to the more realistic representation of spying in the film and television adaptations of le Carr and Deighton and other dramas with a more serious intent. In addition there is wholly original attention given to nostalgic spy fictions on screen, adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s, and to historical spy fiction dramas which treated real cases of espionage and their characters, most notably the notorious Cambridge Spies. Detailed attention is also given to the secret state thriller, a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light, best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service. The study is brought up to date with an examination of screen espionage in Britain since the end of the Cold War. The approach is empirical and historical. The study examines the production and reception, literary and historical contexts of the films and dramas. It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films, series and serials never previously considered.

**Historical Dictionary of British Spy Fiction** Alan Burton, 2016-04-04 *The Historical Dictionary of British Spy Fiction* is a detailed overview of the rich history and achievements of the British espionage story in literature, cinema and television. It provides detailed yet accessible information on numerous individual authors, novels, films, filmmakers, television dramas and significant themes within the broader field of the British spy story. It contains a wealth of facts, insights and perspectives and represents the best single source for the study and appreciation of British spy fiction. British spy fiction is widely regarded as the most significant and accomplished in the world and this book is the first attempt to bring together an informed survey of the achievements in the British spy story in literature, cinema and television. *The Historical Dictionary of British Spy Fiction* contains a chronology, an introduction, appendixes and an extensive bibliography. The dictionary section has over 200 cross-referenced entries on individual authors, stories, films, filmmakers, television shows and the various sub-genres of the British spy story. This book is an excellent access point for students, researchers and anyone wanting to know more about British spy fiction.

*Masters of the Shoot-'Em-Up* Tadhg Taylor, 2015-10-27 This collection of interviews features American, British and Australian writers, directors and actors recounting their notable work in the action genre and

the fun of blowing things up Action movies and television series from 1950s to the mid 1980s are covered with the main focus on the 1960s and 1970s the era of Bullitt Mannix and The Professionals Twenty five interviewees discuss their career highlights including writers Richard Harris The Saint and Leigh Chapman The Octagon directors Stewart Raffill High Risk Michael Preese T J Hooker and Robert M Lewis Kung Fu and actors Tony Russel Peter Gunn and Peter Mark Richman
