Tax Guide For The Canadian Real Estate Professional:

81 Financial and Tax Tips for the Canadian Real Estate Investor Don R. Campbell, Navaz Murji, George Dube, 2010-05-18 Keeping your books in order and your taxes minimized are crucial elements for profitable real estate investing and it's vital for real estate investors to take an active role in their administration. 81 Financial and Tax Tips for the Canadian Real Estate Investor offers clear direction and applicable examples to unravel these often complex issues that are key to maximizing your revenue and reducing your taxes. This isn't a guide to tax evasion or dodgy accounting. This is a guide to understanding the limitations, requirements, and benefits of the Canadian system and making sure that they work for you, the investor, and not against you. Different forms of property ownership and property type bring with them variations in how they must be accounted for in your books and the taxation rules associated with them. These differences are not the responsibility of your accountant or lawyer; they're yours. 81 Financial and Tax Tips for the Canadian Real Estate Investor is an accessible guide to tax and accounting and how these concerns intersect with your real estate investments. If you're serious about your real estate investments, 81 Financial and Tax Tips for the Canadian Real Estate Investor is a vital resource that will help you maximize your revenue and keep more of that money in your bank account. **Legal, Tax and**

Accounting Strategies for the Canadian Real Estate Investor Steven Cohen, George Dube, 2010-10-12 Legal, Tax and Accounting Strategies for the Canadian Real Estate Investor begins and ends with the premise that buying property in Canada can be a smart, safe, and successful way to invest your money. However, like most things in life, success requires hard work. You need to do your homework, understand what you are buying, and know the pros and cons of various decisions. Most importantly, you also need to know how to structure and maintain your investment. That's where we come in. Experience is a good teacher, but its lessons can be nasty, and in the real estate business, mistakes can cost you big bucks. Our goal with this book is to help you do it right the first time. Rest assured that this book covers a vast range of topics, and you're going to appreciate its breadth and depth if you're wondering about things like whether you should opt for a sole proprietorship versus a partnership or corporate ownership strategy. There are things you can do to manage the way HST impacts your real estate investment business. You need information about the tax implications of a real estate disposition. You can change your bookkeeping system to better meet your needs and those of your accountant. Who Are We? This book was written by two individuals whose collective experience in helping Canadians make wise property investment decisions spans several decades. Steve Cohen is a securities lawyer with a great deal of experience in the real estate sector. George Dube is a chartered accountant whose knowledge is based on many years of helping clients with their property buying needs. Both Steve and George are real estate investors themselves. Working from this foundation, we have put together the definitive guide on how to build a successful real estate portfolio in Canada from a legal, tax, and accounting perspective. **Tax Guide for the Canadian Real Estate Professional** Donald I.
