Nworie,2016-10-10 There is an inherent connection between the Christian faith and special education For example both focus on the worth of the individual Both also focus on fairness and on caring for or helping the weak Similarly both aim to equip and support others This book helps the readers perceive this integral relationship that exists between the Christian faith and the special education discipline This book utilizes the chapters that stem from real life professional experiences and scholarship of the contributors to model and encourage special education practice from a Christian faith angle It is our view that special education practiced from this faith perspective will transform what is currently accepted as best practice into a new system of special education experience that is wholesome biblically based and characteristic of Shalom as wholeness not just peace Shalom in this sense has strong relevance in both the Christian faith and special education The first three chapters highlight the connection between special education and Christian theology and draw attention to the pivotal role worldview plays in being an effective special educator The bulk of the body of the text looks at different aspects of instructional effectiveness in special education from a Christian faith perspective      Teaching for Spiritual Growth Perry G.
