Nerve Squall Sylvia Legris,2005 Winner of the 2006 Griffin Poetry Prize Sonic congestion Purgatorial traffic jam corkscrewing countercocklearwise the only way out Nerve Squall is a field guide like no other a surreal handbook to a landscape at the crossroads of meteorology and neurology where the electrical storms without and the electrical impulses within converge Legris s fascination with weather ghosts and brain disorders is the starting point for a collection of poetry that ensures you ll never look at nature the same way again You ll find snow golems and ghost cats and a sky filled with fish swimming the winds of a storm And you ll find a haunted terrain where the natural world becomes an allegory for our most intimate fears Despite their dark and often cinematic approach these poems are also tinged with a sly apocalyptic wit that can t help but laugh as the sky falls Nerve Squall is a vital exploration of the symbiosis of storm nerve and language a sure handed guide to the end of the world Legris loves language the way it radiates not just for what it can say by syntactic regularity and accumulation but for its cellular resonances Powerful resonance is created over a whole page with a minimum of words in a sculpture that hardly qualifies as verse as we commonly know it But there is no question that it is poetry and that it is the use of words at its most pared Here is Legris brilliance her knife edged attention at its finest *Open Letter* A *Dictionary of Slang and Unconventional English* Eric Partridge,1984 The definitive work on slang and unconventional English this edition is fully revised and updated by Paul Beale and includes some 500 new entries The dictionary gives a fully documented account of English slang over four centuries and will entertain and inform all lovers of the English language
