Spirit And Community:

Becoming a True Spiritual Community Larry Crabb, 2007-07-08 In today's frenetic society people rarely develop intimate friendships. Instead they spend their lives essentially disconnected from others, rushing through life content with brief visits and casual conversations. But what if one were to develop a community, a spiritual community of people who walked with and supported each other through life's journey? A community of real friends who listened to each other's personal tragedies without merely trying to fix the problems, who encouraged and nurtured each other's strengths and who accepted people for who they really are instead of the image they try to portray. In *Becoming a True Spiritual Community* formerly titled *The Safest Place on Earth* Larry Crabb explores such a place where God can heal disconnected people and allow them to reconnect with each other and ultimately with Him.

The Spirit of Community Amitai Etzioni, 1993 The founder of the Communitarian movement which has attracted the attention of Al Gore, Jack Kemp, Daniel Patrick Moynihan and Lester Thurow says that America needs to move from me to we. Former White House advisor Etzioni shows how Americans can work to rebuild the family, cultivate tolerance, encourage character education in schools and strengthen communities.

The Social Spirit in America Charles Richmond Henderson, 1897

Urban Indigenous Youth Reframing Two-Spirit Marie Laing, 2021-03-15 This book offers insights from young trans, queer and two-spirit Indigenous people in Toronto who examine the breadth and depth of meanings that two-spirit holds. Tracing the refusals and desires of these youth and their communities, *Urban Indigenous Youth Reframing Two-Spirit* expands critical conversations on queerness, Indigeneity and community and simultaneously troubles the idea that articulating a definition of two-spirit is a worthwhile undertaking. Beyond the expansion of these conversations, this book also seeks to empower community members, educators and young people, both Indigenous and non-Indigenous, to better support the self-determination of trans, queer and two-spirit Indigenous youth. By including a research zine and community discussion guidelines, Laing demonstrates the possibility of powerful change that comes from Indigenous people creating spaces to share knowledge with one another.
