Cultural Memory in Seamus Heaney's Late Work Joanne Piavanini, 2020-06-17 Cultural Memory in Seamus Heaney's Late Work considers the ways that memory functions in Heaney's poetry Joanne Piavanini argues that the shaping of collective memory is one of Heaney's major contributions as a poet Locating Heaney in a transnational literary sphere this book argues that his late work is defined by a type of cosmopolitanism openness the work moves beyond national identity to explore multiple allegiances and identifications Moreover Piavanini demonstrates that memory is a helpful lens to look at Heaney's late work in particular because of the interplay of past present and future in these works in the construction of a collective memory of the Troubles in the use of the elegy to commemorate the passing of important contemporary poets in his writing on events with transnational significance such as 9/11 in the slippages between past and present in poems about his family and through the literary afterlives of texts specifically his appropriation of canonical classical texts Drawing on approaches and concepts from memory studies Piavanini considers Heaney's late work to develop an analysis of poetry as a vehicle of memory **Avonmore, and Other Poems** Christopher Murray Dawson, 1891 **The Oxford Handbook of Modern Irish Poetry** Fran Brearton, Alan Gillis, 2012-10-25 Forty chapters written by leading scholars across the world describe the latest thinking on modern Irish poetry The Handbook begins with a consideration of Yeats's early work and the legacy of the 19th century The broadly chronological areas which follow covering the period from the 1910s through to the 21st century allow scope for coverage of key poetic voices in Ireland in their historical and political context From the experimentalism of Beckett MacGreevy and others of the modernist generation to the refashioning of Yeats's Ireland on the part of poets such as MacNeice Kavanagh and Clarke mid century through to the controversially titled post 1969 Northern Renaissance of poetry this volume will provide extensive coverage of the key movements of the modern period The Handbook covers the work of among others Paul Durcan Thomas Kinsella Brendan Kennelly Seamus Heaney Paul Muldoon Michael Longley Medbh McGuckian and Ciaran Carson The thematic sections interspersed throughout chapters on women's poetry religion translation painting music stylistics allow for comparative studies of poets north and south across the century Central to the guiding spirit of this project is the Handbook's consideration of poetic forms and a number of essays explore the generic diversity of poetry in Ireland its various manipulations reinventions and sometimes repudiations of traditional forms The last essays in the book examine the work of a new generation of poets from Ireland concentrating on work published in the last two decades by Justin Quinn Leontia Flynn Sinead Morrissey David Wheatley Vona Groarke and others *Poetry, Politics, and the Law in Modern Ireland* Adam Hanna, 2022-09-06 Poetry Politics and the Law in Modern Ireland is a richly detailed exploration of how modern Irish poetry has been shaped by and responded to the laws judgments and constitutions of both of the island's jurisdictions Focusing on poets responses in their writing to such contentious legal issues as partition censorship

paramilitarism and the curtailment of women's reproductive and other rights this monograph is the first in the growing field of law and literature to focus exclusively on modern Ireland Hanna unpacks the legal engagements of both major and non canonical poets from every decade between the 1920s and the present day including Rhoda Coghill Austin Clarke Paul Durcan Elaine Feeney Miriam Gamble Seamus Heaney Thomas Kinsella Paula Meehan Julie Morrissey Doireann Ní Ghríofa and W B Yeats Poetry from the time of independence onward has been shaped by two opposing forces On the one hand the Irish public has traditionally had strong expectations that poets offer a dissenting counter discourse to official sources of law On the other hand poets have more recently expressed skepticism about the ethics of speaking for others and about the adequacy of art in performing a public role Hanna's fascinating study illuminates the poetry that arises from these antithetical modern conditions
