Morgan, 2013-02-27 Humans are lovers and yet a good deal of pedagogical theory Christian or otherwise assumes an anthropology at odds with human nature fixed in a model of humans as thinking things Turning to Augustine or at least Augustine in conversation with Aquinas Martin Heidegger the overlooked Jesuit thinker Bernard Lonergan and the important contemporary Charles Taylor this book provides a normative vision for Christian higher education A phenomenological reappropriation of human subjectivity reveals an authentic order to love even when damaged by sin and loves made authentic by grace allow the intellectually morally and religiously converted person to attain an integral unity Properly understanding the integral relation between love and the fullness of human life overcomes the split between intellectual and moral formation allowing transformed subjects authentic lovers to live seek and work towards the values of a certain kind of cosmopolitanism Christian universities exist to make cosmopolitans properly understood namely those persons capable of living authentically In other words this text gives a full orb'd account of human flourishing rooted in a phenomenological account of the human as basis for the mission of the university American Book Publishing Record, 2002 *Moving Encounters* Laura L. Mielke, 2008 How literary portraits of Indian white encounters shaped nineteenth century disputes over Native rights An old Indian woman comforts two young white children she finds lost in the woods and lovingly carries them back to their eager parents A frontiersman sheds tears over the grave of a Mohican youth holding hands with the mourning father According to Laura L Mielke such emotionally charged scenes between whites and Indians paradoxically flourished in American literature from 1820 to 1850 a time when the United States government developed and applied a policy of Indian removal Although these moving encounters as Mielke terms them often promoted the possibility of mutual sympathy between Native Americans and Euro Americans they also suggested that these emotional links were inherently unstable potentially dangerous and ultimately doomed **Creation, Transformation and Metamorphosis** Mário S. Ming Kong, Maria do Rosário Monteiro, Maria João Pereira Neto, 2025-07-29 The texts presented in Proportion Harmonies and Identities PHI Creation Transformation and Metamorphosis were compiled to establish a multidisciplinary platform for presenting interacting and disseminating research It also aims to foster awareness and discussion on Creation Transformation and Metamorphosis focusing on different visions relevant to Architecture Arts and Humanities Design and Social Sciences and its

importance and benefits for the sense of identity both individual and communal Creation Transformation and Metamorphosis has been a powerful motor for development since the Western Early Modern Age Its theoretical and practical foundations have become the working tools of scientists philosophers and artists seeking strategies and policies to accelerate development in different contexts The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license Worship, Ritual, and Pentecostal Spirituality-as-Theology Martina Björkander,2024-02-06 Vibrant worship music is part of the Charismatic liturgy all around the world and has become in many ways the hallmark of Pentecostal Charismatic Christianity Despite its centrality scholarly interest in the theological and ritual significance of worship for pentecostal spirituality has been sparse not least in Africa Combining rich theoretical and theological insight with an in depth case study of worship practices in Nairobi Kenya this interdisciplinary study offers a significant contribution to knowledge and is bound to influence scholarly discussions for years to come The book is a must read for anyone interested in Pentecostal worship ritual and spirituality **The Split God** Nimi Wariboko,2018-02-20 Offers a critical Pentecostal philosophy of God that challenges orthodox Christianity Although Pentecostalism is generally considered a conservative movement in The Split God Nimi Wariboko shows that its operative everyday notion of God is a radical one that poses under cover of loyalty a challenge to orthodox Christianity He argues that the image of God that arises out of the everyday practices of Pentecostalism is a split God a deity harboring a radical split that not only destabilizes and prevents God himself from achieving ontological completeness but also conditions and shapes the practices and identities of Pentecostal believers Drawing from the work of Slavoj Žižek Jacques Lacan Jean Luc Nancy and Giorgio Agamben among others Wariboko presents a close reading of everyday Pentecostal practices and in doing so uncovers and presents a sophisticated conversation between radical continental philosophy and everyday forms of spirituality By de particularizing Pentecostal studies and Pentecostalism Wariboko broadens our understanding of the intellectual aspects of the global Pentecostal and Charismatic movements Not since the early work of Thomas J J Altizer has a theologian philosopher opened such a radical new vision of reality with new language as Nimi Wariboko does in The Split God Through an analysis of Pentecostalism Wariboko creates a vivid shocking theology that self consciously repeats classical Christian orthodoxy in some of its modes while transforming it so as to make new sense of Pentecostal beliefs and practices He mines the language of contemporary continental critical theory of the psychoanalytical and Marxist sort for resources to express his claim that God is split not whole reality both spiritual and material is split not whole society is split not whole and persons are split not whole What Pentecostalism does he claims is to unite these split parts into vital ways of living in the face of God without making them holistically coherent just alive and vital Robert Cummings Neville author of Defining Religion Essays in Philosophy of Religion **Forthcoming Books** Rose Arny,2002 *The Spirit's Dance in Africa* Esther A.
