The Holocaust Seymour Rossel, 1992 Discusses the rise of anti Semitism in Europe the treatment of Jews during the Holocaust and the aftermath when the Nazi war criminals were brought to trial

**The Yiddish Historians and the Struggle for a Jewish History of the Holocaust** Mark L. Smith, 2019-12-09 Holocaust history written and researched by the Yiddish scholars who lived it The Yiddish Historians and the Struggle for a Jewish History of the Holocaust identifies the Yiddish historians who created a distinctively Jewish approach to writing Holocaust history in the early years following World War II Author Mark L Smith explains that these scholars survived the Nazi invasion of Eastern Europe yet they have not previously been recognized as a specific group who were united by a common research agenda and a commitment to sharing their work with the worldwide community of Yiddish speaking survivors These Yiddish historians studied the history of the Holocaust from the perspective of its Jewish victims focusing on the internal aspects of daily life in the ghettos and camps under Nazi occupation and stressing the importance of relying on Jewish sources and the urgency of collecting survivor testimonies eyewitness accounts and memoirs With an aim to dispel the accusations of cowardice and passivity that arose against the Jewish victims of Nazism these historians created both a vigorous defense and also a daring offense They understood that

most of those who survived did so because they had engaged in a daily struggle against conditions imposed by the Nazis to hasten their deaths. The redemption of Jewish honor through this recognition is the most innovative contribution by the Yiddish historians. It is the area in which they most influenced the research agendas of nearly all subsequent scholars while also disturbing certain accepted truths including the beliefs that the earliest Holocaust research focused on the Nazi perpetrators that research on the victims commenced only in the early 1960s and that Holocaust study developed as an academic discipline separate from Jewish history. Now with writings in Yiddish journals and books in Europe, Israel and North and South America having been recovered, listed and given careful discussion, former ideas must yield before the Yiddish historians published works. *The Yiddish Historians and the Struggle for a Jewish History of the Holocaust* is an eye-opening monograph that will appeal to Holocaust and Jewish studies scholars, students and general readers. **Critical Religious**

**Pluralism in Higher Education** Jenny L. Small, 2020-03-26 This text presents a new critical theory addressing religious diversity, Christian religious privilege and Christian hegemony in the United States. It meets a growing and urgent need in our society: the need to bring together religiously diverse ways of thinking and being in the world and eventually to transform our society through intentional pluralism. The primary goal of Critical Religious Pluralism Theory (CRPT) is to acknowledge the central roles of religious privilege, oppression, hegemony and marginalization in maintaining inequality between Christians and non-Christians, including the nonreligious, in the United States. Following analysis of current literature on religious, secular and spiritual identities within higher education and in-depth discussion of critical theories on other identity elements, the text presents seven tenets of CRPT alongside seven practical guidelines for utilizing the theory to combat the very inequalities it exposes. For the first time, a critical theory will address directly the social impacts of religious diversity and its inherent benefits and complications in the United States. *Critical Religious Pluralism in Higher Education* will appeal to scholars, researchers and graduate students in higher education as well as critical theorists from other disciplines. Edith Stein and Regina Jonas

Emily Leah Silverman, 2014-09-03 This ground-breaking book examines the lives of two extraordinary religious women. Both Edith Stein and Regina Jonas were German Jewish women who demonstrated deviant religious desires as they pursued their spiritual paths to serve their communities during the Holocaust. Both were religious visionaries viewed as iconoclasts in their own times. Stein, the first woman to receive a doctorate in philosophy from Husserl, the founder of phenomenology, claimed her Jewish identity while she was still a cloistered Carmelite nun. Jonas, the first woman rabbi in Jewish history, served as a rabbi in Berlin and Theresienstadt concentration camp. A study of a contemplative and a rabbi, the book ranges across many spiritual and theological questions; not least, it offers a remarkable exploration of the theology of spiritual resistance. For Stein, this meant redemption and the transmutation of suffering on the cross; for Jonas, acts of compassion bring the face of God into our presence.
