Spiritual Conquest:

The Temporal and Spiritual Conquest of Ceylon Fernão de Queyroz, 1930 The spiritual conquest Lorenzo Scupoli, Juan de Castañiza, 1651 **Mexico: A History** Paul Gillingham, 2025-11-13 This sweeping new history of Mexico spans 500 dramatic years of conquest innovation and revolution A one of a kind book populated by large and small characters spanning five hundred years of conflict and resilience all in a masterful prose and a sharp intelligent dialogue with the reader Pablo Piccato author of *A Brief History of Violence in Mexico* and Professor of History Columbia University A rollicking and stereotype busting tour through five centuries of Mexican history Sweeping from the Sonoran copper mines to the rainforests of Chiapas to Mexico City's mansions Gillingham dissects the country's politics ideas and contradictions with flair The rare book that is as entertaining as it is learned and ingeniously argued Deborah Cohen author of *Last Call at the Hotel Imperial* and Director of the Roberta Buffett Institute for Global Affairs It begins in 1511 with the shipwreck of two Spanish sailors in Yucatán Only ten years later an army of European adventurers and indigenous rebels seized the island city of Tenochtitlán seat of one of the world's great empires It would become Mexico City and marked the collision of two radically different worlds Spaniards discovered tomatoes chocolate and the most sophisticated city they had ever seen For Mexicans the encounter brought horses wheels but also lethal germs sparking a cataclysmic century of disease that would kill a majority of the indigenous population Paul Gillingham's superb history chronicles how this convulsion led to a startling recombination of cultures He shows how the industrial mining of Mexico's silver transformed the wealth and trade of the world making it the centre of the first truly global economy We then see how independence from Spain went on to bring calamitous wars with the United States and France One of the world's great social revolutions then remade Mexico and ushered in a one party state that whatever its shortcomings brought peace throughout many of the global horrors of the twentieth century before the country collapsed into violence in the drug wars of the 2000s *Mexico A History* uses the latest research to dazzling effect showing how often Mexico has been one of the world's great innovators a dynamic and vital shaper of world affairs

Transnational Philippines Rocío Ortuño Casanova, Axel Gasquet, 2024-02-27 *Transnational Philippines* Cultural Encounters in Philippine Literature in Spanish approaches literature that has been forgotten or neglected in studies on other literatures in Spanish due in part to the fact that today Spanish is no longer spoken in the Philippines or in Asia However isolation has not always been the case and by omitting Philippine literature in Spanish from the picture of world literatures and Spanish language literatures the landscape of these disciplines is incomplete *Transnational Philippines* studies how this literary production stemmed from its relationship with other cultures literature and arts It attempts to break this literature's isolation and show how it is part of the broad literary system of literature written in Spanish Yet *Transnational Philippines* also questions the constraints of traditional literary genres in order to make room for Philippine texts and other colonial and postcolonial texts so that those texts can be taken into consideration in literary studies Its chapters elaborate on the

problems surrounding the cultural and identity relations of the Philippines with other regions and the literary nature of Philippine texts By addressing the need for a postnational approach to Spanish language Philippine literature the book challenges the Spain Latin America dichotomy existing in Spanish language literary studies and leans toward a global conception of the Hispanophone *The Spiritual Conquest* Lorenzo Scupoli,1651 Counter-Hispanization in the Colonial Philippines John Blanco,2025-10-01 In *Counter Hispanization in the Colonial Philippines* the author analyzes the literature and politics of spiritual conquest in order to demonstrate how it reflected the contribution of religious ministers to a protracted period of social anomie throughout the mission provinces between the 16th 18th centuries By tracking the prose of spiritual conquest with the history of the mission in official documents religious correspondence and public controversies the author shows how contrary to the general consensus in Philippine historiography the literature and pastoral politics of spiritual conquest reinforced the frontier character of the religious provinces outside Manila in the Americas as well as the Philippines by supplanting the absence of law in the name of supplementing or completing it This frontier character accounts for the modern reinvention of native custom as well as the birth of literature and theater in the Tagalog vernacular **My Spiritual Conquest** Bruce Dolan Smith,2013-09-13 This book is about how God worked His miracles in my life There were many tough times but He never left me It is like the poem Foot Prints in the Sand and I owe it all to Him *Colonial Saints* Allan Greer,Jodi Bilinkoff,2015-12-22 From the cult of Saint Anne to the devotees of the Virgin of Guadalupe from Saint Anthony who competed with Christ for popularity in Brazil to Jesuits who mixed freely with shamans that talked with the gods this exciting new anthology examines the conversion of the colonized The essays examine how New World spirits transformed into Old World saints for example the spirit of love transfigured into the Virgin Mary as well as the implications of the canonization of the first American saint *Colonial Saints* illustrates the complex and intimate connections among confessional life writing canonization and the practices of the Inquisition There was a dynamic exchange involving local agendas the courts in Spain and France and of course Rome This bold collection clearly shows the interplay between slavery and spirituality conversion and control and the links between the sacred and the political Mexico: Volume 2, The Colonial Era Alan Knight,2002-10-07 This 2002 book the second in a three volume history of Mexico covers the period 1521 to 1821 *A History of Christianity in Asia, Vol. II* Samuel Hugh Moffett,2014-07-30 This second volume of Samuel Moffett s acclaimed *History of Christianity in Asia* illustrates the advance of the modern missionary movement in the continent of its birth Like the first volume it makes available immense research in a readable and engaging narrative Moffett brings into dramatic relief events that illustrate both the broad patterns and the vital details of the spread of Christianity on a continent **The Routledge Hispanic Studies Companion to Colonial Latin America and the Caribbean (1492-1898)** Yolanda Martínez-San Miguel,Santa Arias,2020-11-29 The Routledge Hispanic Studies Companion to Colonial Latin America and the Caribbean 1492 1898 brings together an international team of scholars to explore new interdisciplinary and comparative

approaches for the study of colonialism Using four overarching themes the volume examines a wide array of critical issues key texts and figures that demonstrate the significance of Colonial Latin America and the Caribbean across national and regional traditions and historical periods This invaluable resource will be of interest to students and scholars of Spanish and Latin American studies examining colonial Caribbean and Latin America at the intersection of cultural and historical studies transatlantic postcolonial and decolonial studies and critical approaches to archives and materiality This timely volume assesses the impact and legacy of colonialism and coloniality

The World's Spiritual Conquest Or Its Conversion to Christ (Classic Reprint) Richmond Brown Godfrey, 2015-07-09

Excerpt from The World's Spiritual Conquest or Its Conversion to Christ In presenting this volume to the public its Author would inform every one that book writing was the last work in which he ever expected to engage But the subject of the present treatise was so impressed upon his mind and so kept there by the Holy Spirit he found that the only way to relieve himself would be to arrange and write upon the same In doing so however it was not at all his intention ever to publish this book himself But in lecturing upon the subject and reading over to Christian brethren and friends its contents right away both the educated and the uneducated and the members of the different denominations began to urge its publication This circumstance in connection with the fact that the work in which he is engaged is a general one and hence must be sustained within itself is one of the principal reasons for its publication His only apology therefore for the publication of the present volume is a deep interest in and an intense desire for God's glory and the best good of infinitely imperiled and perishing souls About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
