## **Spiritual Consciousness:**

**THE SPIRITUAL CONSCIOUSNESS SCALE (handbook)** Margitics Ferenc Ph.D.,2019-07-31 Eckhart Tolle draws our attention to new approach to spirituality In his opinion our present consciousness opens up the gate to spirituality The individual must experience the present moment while the alertness of his her consciousness enables the person to view his or her own thoughts emotions and reactions triggered by the stimuli of the environment The Presence thus created conscious alertness brings about the sense of tranquility and internal peace The sustained conscious attention launches the spiritual process of transubstatiation that leads the individual to a Spiritual Consciousness new perspective and new ways of observing This process by transforming the consciousness of the person changes the entire personality of the individual Following the teachings of Eckhart Tolle the author created the Spiritual Consciousness Scale SCS and carried out its statistical analysis The purpose has been developing a new measuring instrument for the recognition of spiritual consciousness

*Spiritual Consciousness as Evolutionary Learning* Maureen Ellis,2025-05-16 Navigating a diversity of religious myths and worldviews in both conventional and nuanced secular ways this edited volume explores transdisciplinary common knowledge and global citizenship ideology through the lens of spirituality depth hermeneutics and multimodality Guided by a broadly semiotic approach this book examines ancient spiritual myths metaphors and magic wisdom raising crucial questions of identity current conflicts military power and crises which threaten mental health for many Chapters take an anthropological and chronological approach through targeted case studies in part using Systemic Functional Semiotic SFS frameworks and linguistic anthropology to tackle issues of contemporary importance such as human rights conflict resolution environmentalism and sustainable development Featuring a truly international multidisciplinary team of contributors applying the lenses of mysticism neuroscience quantum theory psychology and phenomenology to the themes discussed this book uncovers deep ultimate connections between different religious and philosophical traditions highlighting shared metaphors narratives and allegories that transcend disciplinary cultural and geographical boundaries Driven by a collaborative attempt at achieving spiritual understanding this book will be of interest to postgraduate students researchers and scholars working in global citizenship education philosophy of education cognitive linguistics and semiotics more broadly

It will also be useful for scholars of spirituality philosophy of language and ancient religions [Yoga Lessons for Developing Spiritual Consciousness](#) A. P. Mukerji,2020-09-28 If we study the action of mind upon mind of mind over matter of mind over the human body we may realize how each man is a power in himself to use Mr Randall s phrase in his beautiful book on

psychology Life is demonstrative it speaks with a million million tongues Life stands for Light and Love Contemplation of Death which is really a change will not lead to Happiness All stagnation is death Humanity is a moving mass and this is true of it as regards single units as well as of the collective whole Stop we cannot We must go forwards which is God wards or there is the backward line of progress which is IGNORANCE Spasms of activity catch hold of us and push us onward and

similarly fear weakness and worry the triple weapons of our Old Friend the Devil catch us in their deadly grip and crib cabin and confine us We all are preparing to live day in and day out Is it not so The body ages the soul is ever on the alert We all are trying to grasp life in its proper perspective to get a clear view of the goal ahead Some say I am for enjoying life some say It is a bad mixture of heaven and hell for the most part hell others stand on neutral ground and say Let us make the best of a bad bargain Since we are here it is no use grumbling This world is for our education Right Move we must It may be progress forward or progress backwards Life is a series of awakenings Ideas dawn upon the mind from time to time are caught up by brain and body and find physical expression as acts Our outward life with its environment is fitted to our inward development Wealth position fame power all these are the simple expressions of individual character This is not a platitude Look and see for yourself It is quite necessary that we should pass through certain experiences that we rise from ideal to ideal We create our own fate Our sufferings our joys are so many projections from ourselves We alone are responsible for them Like the silkworm we build a cocoon around the soul and then feeling Cramped we set to loosening the bonds Enjoyment is not ought not to be the goal of life Sense enjoyments end in satiety and exhaustion Power and self riches and all that riches mean may tie us down to a narrow sphere But in the long run we do come to know that happiness is not in them This is a tremendous truth yet God mercifully screens it from us till we are prepared to receive it What remains then Man wants happiness He rushes from one thing to another to grasp it only to find everything slipping through his fingers Let none deny it The aim of philosophy is to put an end to pain All pain is caused by IGNORANCE Apply the saving remedy of KNOWLEDGE and PAIN vanishes at once This is a great fact and all young men ought to stamp it well upon their minds While we are upon this phase of our subject it may be worth while to go farther into these important facts of life PLEASURE and PAIN Our thoughts and actions are the forces we send out of ourselves All life is expression The soul of man is trying to see itself in everything How did the different organs of the body come into existence How did man get his eyes his ears his nose and so forth How does the growth of things proceed on the subconscious plane of existence The soul willed to see and it saw willed to hear and it heard willed to smell and it smelt That is the right explanation Take a subject throw him into a hypnotic trance lead him into the deepest state possible give him vigorous suggestions that a steady increase is taking place as to his physique repeat the suggestions twice every day for a few months and you will have put pounds of flesh on his form If you know anything of these things at all you will be hardly astonished A striking case once occurred Some frivolous students of Aberdeen held a hypnotic seance A friend of theirs was hypnotised and made to go through certain illusions Then a wet towel was put upon his neck and it was suggested to him that a sharp knife had been drawn right across his neck to cut his throat and that he was dead It was such fun The students danced for joy But what was their surprise when they found the man was stone dead It taught the eternal truth what man thinks that he is that he shall be Now man is trying to express himself on the different planes of his being by appropriating to himself different vehicles of expression When he meets with opposition an obstacle he chafes like a

caged lion Load the limbs of a man with fetters of iron and see the result It is really this when we can push forward without opposition it causes pleasure a sense of happiness when we are held back it causes pain Place good food before a healthy man See how he likes it It is because he knows that he is making an addition to himself It brings on a sense of MORE NESS and pleasure follows Of course there are higher grades of this sense of MORE NESS Some ancient doctors defined passion as an accession of strength due to the surcharge of arterial blood in the veins All pleasure is from STRENGTH all pain from WEAKNESS There can be no question as to this fact There is a fire burning Heap coals The more coals the brighter and steadier the flame All obstacles are really coal feeding the flame of the spirit They spur a man on The vibrations of pain are often blessings in disguise They drive the lesson home The effect is not different from the cause Both are the obverse and reverse of the same coin Painful results grow out of deeds that clash with the interests of the DIVINITY WITHIN which is for FREEDOM Lord I want nothing neither health nor beauty nor power Give me FREEDOM and I am content This is Jivan mukti This is the highest ideal of life Thinking of the little pleasures of the senses has brought us to this to dance to laugh to weep and before the tears are gone to begin over again Look at my condition Slave of the flesh slave of the mind wanting to have this that and what not DARKNESS BEHIND DARKNESS AHEAD Such is the wail of IGNORANCE Get rid of it O My Friend It is your greatest direst enemy Let the LIGHT of KNOWLEDGE dissipate this DARKNESS of IGNORANCE The Lord above is our refuge He alone is STRENGTH In Him we live and have our being Where seek you for your ideals Here it is FREEDOM You are rushing to it and so am I Welcome everything that helps you yea compels you to strike one more blow in the noble cause of EMANCIPATION Can a marble figure brook the blow that an iron mass can bear

#### The Two Voices Within

Nickolas Martin,Linda M. Martin,2015-12-21 Ego and Spirit both speak profoundly within our lives Can you hear what they are saying to you These two voices are the main energies that rise up and give shape to our thoughts feelings behaviors and physical health As we go about meeting lifes challenges such as change adversity stressors conflicts relationships self esteem achievement and our ability to experience genuine happiness the voice of an unconscious imbalanced ego is unfortunately the one we more often hear and heed leading us into a lesser version of ourselves The Two Voices Within Balancing the Energies of Ego and Spirit to Enhance Your Life invites you to more clearly hear what both of these voices are saying so that you can speak with more of your true voice and recognize the One Voice of the Universe This awakening will enable you to be the best version of yourself and optimally meet lifes challenges
