**Devolution and Evolution** A. Cercatore, 2012-07-15 The process of creation, devolution, and evolution is a cycle of descension through the downstepping of energy and personality from the infinite to the physical creation and ascension from the physical back to the spiritual evolution. This book describes that process. **Morning light [afterw.] The New-Church weekly**, 1885 Choice Point A. W. Antony, 2012 In *Choice Point* A. W. Antony suggests that we have arrived at a point where human consciousness in its current state is incapable of negotiating the increasingly complex and dire environmental challenges we now face as a result of the technological revolution. On this basis, he suggests that the challenge of sustainability is not one which is amenable to a purely technological fix and may in fact require no less than a revolution of consciousness. Illuminating, hopeful, and at times provocative, *Choice Point* includes a detailed description of a path of consciousness change that is at once accessible to mainstream Western readers and also capable of yielding an evolutionary leap for humanity along with a more peaceful, just, and sustainable world.

S. Gordon, 2013-07-04 Details the process of spiritual initiation from aspirant to the highest Adept. Explains the characteristics of each stage of initiation, including the associated psychological issues that need to be faced to move to the next stage. Explores the long history of the Mystery traditions from ancient Egypt, Babylonia, and India to the modern Theosophy of Blavatsky and Bailey. Reveals how the Brotherhood of Spiritual Adepts is increasing global tensions to prepare humanity for the Age of Aquarius and spiritual revelation. As the precessional cycle transits from Pisces to Aquarius, great shifts in spiritual evolution are on the horizon, not for all of humanity as many in the New Age movement have generously hypothesized, but for those who have undertaken the necessary spiritual preparation and initiatory work. Drawing from his deep immersion in the Mystery traditions of both East and West, author J. S. Gordon investigates the initiatic path from ancient times to modern day, detailing the step-by-step process of initiation and the sequence from spiritual aspirant to the highest Adeptship. He explains the natural logic and characteristics of each stage of initiation, including the associated problems and psychological issues that need to be faced in order to move forward to the next stage. He shows how humanity is naturally inclined to spiritual evolution and the development of higher consciousness. We are part of the overall evolutionary process of Nature, a system
