Spiritual Radio 1925:

Healing en 'alternatief' genezen Peter Jan Margry, 2018-01-12 Ziek zijn en alternatief genezen zijn van alle tijden De afgelopen decennia zien we echter belangrijke verschuivingen De markt voor niet medische vormen van genezen heeft zich uitgebreid vernieuwd geprofileerd en bovenal is ze een steeds vanzelfsprekender plaats in het leven van alledag gaan innemen Dat laatste geldt niet alleen voor een groep die soms met zwevers is aangeduid maar het gaat om een massale behoefte binnen de Nederlandse samenleving Is dit geen contradictie Want hoe is het mogelijk dat in het hoogontwikkelde Nederland van vandaag zoveel mensen een beroep doen op onbewezen niet reguliere behandelwijzen van healing en genezing Een schijnbare tegenstelling Mensen met een goed opleidingsniveau laten zich niet verleiden tot dit soort praktijken En toch Naar schatting zou 35% van de Nederlanders wel eens iets alternatiefs hebben gedaan of ondergaan Peter Jan Margry beschrijft in *Healing en alternatief genezen* het actuele veld van de alternatieve geneeswijzen en biedt ook een neerslag van het onderzoek door het Meertens Instituut Deze instelling houdt zich in het algemeen bezig met cultuurverschijnselen van het dagelijks leven Daaronder valt het fenomeen van alternatief genezen Ook al denken we bij genezen aan een biologische en medisch wetenschappelijk context toch blijkt genezen ook nadrukkelijk afhankelijk van uiteenlopende culturele en sociale aspecten en omstandigheden Sterker nog genezen is voor een belangrijk deel cultureel bepaald Voor het eerst is er nu een neutraal boek over alternatief genezen dat het fenomeen niet de lucht in prijt noch verkettert maar de waarde en betekenis ervan voor de moderne samenleving verkent en de kwesties eromheen uitlegt **The Christian-Evangelist Index,**

1863-1958, 1962 **Spirits of Protestantism** Pamela E. Klassen, 2011-07-14 *Spirits of Protestantism* reveals how liberal Protestants went from being early twentieth century medical missionaries seeking to convert others through science and scripture to becoming vocal critics of missionary arrogance who experimented with non western healing modes such as Yoga and Reiki Drawing on archival and ethnographic sources Pamela E Klassen shows how and why the very notion of healing within North America has been infused with a Protestant supernatural liberalism In the course of coming to their changing vision of healing liberal Protestants became pioneers three times over in the struggle against the cultural and medical pathologizing of homosexuality in the critique of Christian missionary triumphalism and in the diffusion of an ever more ubiquitous anthropology of body mind and spirit At a time when the political and anthropological significance of Christianity is being hotly debated *Spirits of Protestantism* forcefully argues for a reconsideration of the historical legacies and cultural effects of liberal Protestantism even for the anthropology of religion itself *Religious Broadcasting, 1920-1983* George H. Hill, Lenwood G. Davis, 1984 *Mass Communications Research Resources* Christopher H. Sterling, James K. Bracken, Susan B. Hill, 2016-05-06 This reference book is designed as a road map for researchers who need to find specific information about American mass communication as expeditiously as possible Taking a topical approach it integrates publications and organizations into subject focused chapters for easy user reference The editors define mass communication to include print

journalism and electronic media and the processes by which they communicate messages to their audiences Included are newspaper magazine radio television cable and newer electronic media industries Within that definition this volume offers an indexed inventory of more than 1 400 resources on most aspects of American mass communication history technology economics content audience research policy and regulation The material featured represents the carefully considered judgment of three experts two of them librarians plus four contributors from different industry venues The primary focus is on the domestic American print and electronic media industries Although there is no claim to a complete census of all materials on print journalism and electronic media what is available is now too vast for any single guide the most important and useful items are here The emphasis is on material published since 1980 though useful older resources are included as well Each chapter is designed to stand alone providing the most important and useful resources of a primary nature organizations and documents as well as secondary books and reports In addition online resources and internet citations are included where possible
