**God, Morality, and Beauty** Randall B. Bush, 2019-07-01 Randall B Bush analyzes the ways unacknowledged axiological assumptions e g about what is important why human beings are valuing creatures and where the capacity to value comes from prejudice the perspectives and approaches of various academic disciplines especially in the social sciences and the humanities The disciplines of ethics and aesthetics provide the most useful tools for a philosophy of value but academic overspecialization has compartmentalized and segregated these disciplines from others threatening to unravel the unity of conceptions of the moral and the beautiful in human existence Bush argues that a dialectical approach to conflicts between ethics and aesthetics can point to a broader axiological vision informed by a Trinitarian conception of reality in which the whole a coherent theory of value is more than the sum of its parts

R. Sproul,1875 Shamans of the Foye Tree Ana Mariella Bacigalupo,2010-01-01 Drawing on anthropologist Ana Mariella Bacigalupo s fifteen years of field research Shamans of the Foye Tree Gender Power and Healing among Chilean Mapuche is the first study to follow shamans gender

identities and performance in a variety of ritual social sexual and political contexts To Mapuche shamans or machi the foye tree is of special importance not only for its medicinal qualities but also because of its hermaphroditic flowers which reflect the gender shifting components of machi healing practices Framed by the cultural constructions of gender and identity Bacigalupo s fascinating findings span the ways in which the Chilean state stigmatizes the machi as witches and sexual deviants how shamans use paradoxical discourses about gender to legitimatize themselves as healers and at the same time as modern men and women the tree s political use as a symbol of resistance to national ideologies and other components of these rich traditions The first comprehensive study on Mapuche shamans gendered practices Shamans of the Foye Tree offers new perspectives on this crucial intersection of spiritual social and political power Seduction of Our Children Neil T.
