Splendor In Exile The Exmajesties Of Europe:

Splendor in Exile Charles Fenyvesi, 1979 *Kings, Queens and Fallen Monarchies* Robert Stove, 2024-12-30 Explores the interwar movements to restore Europe's deposed royal houses examining their political significance and influence on global power dynamics Among the great hidden narratives of twentieth century history are the movements in Europe which between the two world wars aimed to restore the royal and imperial houses forced out of power in 1918 or in Portugal's case eight years earlier These efforts acquired media coverage and often strategic importance far greater than would be now supposed from the cursory often dismissive treatment which they have received from most historians since Campaigns to reinstate such dynasties as the Hohenzollerns the Habsburgs the Wittelsbachs the Braganças and even France's House of Orléans were taken seriously at the highest governmental and journalistic levels in London and Paris not to mention the Holy See Upon the whole phenomenon this book seeks to shed light It discusses both the phenomenon's soft power manifestations the designs of newspaper tycoon Lord Rothermere upon the Hungarian throne for his son for instance and the phenomenon's hard power manifestations among which probably the most dramatic were the successful monarchical campaigns in Albania and Greece With a cast that includes not only the monarchist candidates themselves but Churchill Lloyd George Hitler Mussolini and Franco this is a drama that embraces a continent and forces thorough reappraisals of events which we thought we knew No one can read it without acquiring a firmer grasp of political power's very nature and the sheer narrowness of the gap between victory and defeat Royalty Who Wait Olga S. Opfell, 2024-10-09 Only seven European monarchies remain intact today all are constitutional monarchies Four empires and 16 kingdoms have disappeared in Europe during the last two centuries The Bourbon kingdom in France vanished first in 1830 the Greek kingdom most recently in 1973 Former sovereigns still consider themselves to be kings Princes dukes and counts remain possessed of far reaching connections to currently reigning monarchs For some of them the path to headship of the royal houses has been complicated taking many twists and turns Two world wars caused the greatest attrition in monarchies Exile has been bitter for some happier for others but in and out of exile the heads of royal families live well Many are successful in business and as financiers Many are enthusiastic followers of sports Some manage large estates others are still trying to regain royal properties The chapters are arranged in the chronological order in which the kingdoms disappeared This book profiles twenty one heads of formerly regnant houses of Europe set in historical perspective and recounting varied life styles occupations and interests At the end of each chapter is a chart or set of charts depicting the line of succession of the headship of the house The South Slav Journal , 1980 Guardians of the Grail-- and the Men who Plan to Rule the World! J. R. Church, 2003-08 Tells of secret political combines intrigues and wars preparing mankind for the Antichrist Back cover **The New Republic** Herbert David Croly, 1980 *Hungarian Studies Newsletter* , 1980 **The American Bibliography of Slavic and East European Studies** , 1983 *Irresolute Heresiarch* Charles Kraszewski, 2012-03-15 In the midst of a multi national comparative study of

modern Catholic poets Charles S Kraszewski was more than a little surprised at the difficulty he encountered in finding a representative poet from that ostensibly most Catholic of European nations Poland With but two guiding criteria in mind the poet had to be possessed of a Catholic world view and have a significant impact on the development of modern poetry it seemed that Polish poets were either very good or Catholic Then in 2004 during the funeral of the Nobel Prize winning poet Czesław Miłosz it was revealed that the poet had written a recent letter to the Pope declaring his intent in his later writings to express a Catholic viewpoint This was a surprising admission given the rather heterodox reputation that characterized the poet during his long lifetime Irresolute Heresiarch Catholicism Gnosticism and Paganism in the Poetry of Czesław Miłosz is the fruit of Kraszewski's research into the religious themes expressed in the poetry of the great bard Beginning with his earliest published poems and continuing through the posthumously printed collections the book is a careful consideration of the religious claims set forth in Miłosz's works which range from orthodox Christianity through dualism and gnostic thought with a healthy dose of pagan appraisal of the wonder of the natural world In response to the question Was Miłosz a Catholic poet Kraszewski first attempts to define that category on the basis of Catholic core beliefs and later in a comparative discussion of indubitably Catholic greats such as T S Eliot Jan Zbyszewski and Hector de Saint Denys Garneau Although for the sake of clarity he focuses only on the poems and not the prose works of Czesław Miłosz the answer to the question is made all the more difficult by the very personal lyrical I adopted by Miłosz in his poetic practice Which I is speaking when Manichean thought is expressed and which I is it that invokes the saints at moments of temptation Whatever the answer to these questions may be Irresolute Heresiarch is successful in highlighting the wide range and complex nature of one of the most influential and important poets of our time

National Union Catalog ,1980 Includes entries for maps and atlases
Queen of Roumania Hannah Pakula,1989 **Subject Catalog** Library of Congress,1980 **The Publishers Weekly** ,1979 **Nicholas II** Robert D. Warth,1997-11-30 This book is a scholarly comprehensive and critical biography of Nicholas II from his birth in 1868 to his execution in 1918 It features a chronological narrative emphasizing the political aspects of the Tsar's reign rather than details from his personal life although new information about his life is revealed Nicholas II is portrayed as a conscientious and reasonably intelligent ruler whose reign was marred by inept statesmanship and a stubborn determination to uphold the autocratic tradition of the Romanov dynasty even though he was forced to grant major political concessions in 1905 His imprudent foreign policy in East Asia precipitated a losing war with Japan But a more cautious policy in Europe nevertheless involved Russia in a far greater conflict in 1914 that resulted in enormous casualties economic hardship and the collapse of the monarchy in 1917 As an individual Nicholas was gentle and benevolent except towards political dissidents and proved to be a good husband and father The serenity of his family life was disrupted by his son and heir's hemophilia and the ensuing Rasputin scandal impaired the Tsar's image and contributed to his unpopularity A final chapter examines his legacy and provides a theory of revolutionary causation **Europe: Its People and Princes.- Its**
