authority to answer Santa s mail in New York City He ran the organization for 15 years gaining fame for making the myth of  
Santa a reality to poor children by arranging for donors to deliver the toys they requested until a crusading charity

Shanghai is the quintessence of East Asian modernity whether imagined as glamorous and exciting corrupt and

across China and around the world decide that Shanghai was the place to be Mediasphere Shanghai shows that partial  
answers to these questions can be found in the products of Shanghai s media industry particularly the Shanghai novel a  
distinctive genre of installment fiction that flourished from the 1890s to the 1930s Shanghai fiction supplies not only the  
imagery that we now consider typical of the city but more significantly the very forms simultaneity interruption mediation  
and excess through which the city could be experienced as a business and entertainment center and envisioned as the focal  
point of a mediasphere with a national and transnational reach Existing paradigms of Shanghai culture tend to explain the  
city s distinctive literary and visual aesthetics as merely the predictable result of economic conditions and social processes  
but Alexander Des Forges maintains that literary texts and other cultural products themselves constitute a conceptual

foundation for the city and construct the frame through which it is perceived Working from a wide range of sources including installment fiction photographs lithographic illustrations maps guidebooks newspapers and film Des Forges demonstrates the significant social effects of aesthetic forms and practices Mediasphere Shanghai offers a new perspective on the cultural history of the city and on the literature and culture of modern China in general     *The Ridpath Library of Universal Literature ...* John Clark Ridpath,1899     *The Legends of the Jews* Louis Ginzberg,1998 The first books of the Bible describe powerfully but briefly the creation the first generations of humanity and the early history of the Jews In addition to their power to inspire thought and worship they inspired imagination Much of the richness of Jewish belief and wisdom comes from the many legends that answered questions raised by the silences of the Bible From the second to the fourteenth centuries the Talmud Midrash and their Targums incorporated apocryphal views of Biblical persons and events to help explain scripture Other legends found their way into the Kabbalah into Biblical commentaries and into Christian literature
